<b>Design, Construction, Operation and Maintenance of Groundwater Irrigation Systems and Associated Structures</b>
------------------------------------------------------------------------------------------------------------------------

**Project ID No.:** Civil 01/GWIS/MIIP/2079-80

**Project Name:** Design, Construction, Operation and Maintenance of Groundwater Irrigation Systems and Associated Structures

**Country:** Nepal

**Funding Agency:** Asian Development Bank

**Last date for submission:** 18/04/2023

**Project Details:**

**Invitation for Prequalification**

1. The Ministry of Energy, Water Resource, and Irrigation, Government of Nepal, has requested for financing from the Asian Development Bank (ADB) toward the cost of construction of Mechanized Irrigation Innovation Project. Part of this financing will be used for payments under the Contract named above. This contract will be jointly financed by ADB and Government of Nepal.

The eligibility rules and procedures of ADB will govern the prequalification and the bidding process.

2. The Mechanized Irrigation Innovation Project, Jawalakhel, Lalitpur (the "Employer") intends to prequalify firms for, Design, Construction, Operation and Maintenance of Groundwater Irrigation Systems and Associated Structures.
3. It is expected that the Invitation for Bids will be made in June 2023.
4. For further information and inspect the Prequalification Document, interested eligible Applicants should contact: Project Director, Mechanized Irrigation Innovation Project, and Room No.: 404, Department of Water Resource and Irrigation, Jawalakhel, Lalitpur, Nepal;

email address: [ajayradhikari@gmail.com](mailto:ajayradhikari@gmail.com);

Fax no.: +97715437169;

5. To purchase the Prequalification Document, eligible Applicants should:
  - write to address above requesting the Prequalification Document for Contract no.: Civil-01/GWIS/MIIP/2079-80; Design, Construction,

Operation and Maintenance of Groundwater Irrigation Systems and Associated Structures

- Pay a non-refundable fee of NRs. 15,000 or USD 150 to the following revenue account of Government of Nepal by 12:00 hours (Nepal Standard Time) on 18 April 2023. Copy of the bank deposit should be attached to the request for prequalification document.

**Name of Office:** Mechanized Irrigation Innovation Project, Jawalakhel, Lalitpur

**Name of Bank:** Nepal Bank Limited, Gabahal, Lalitpur

**Office Code:** 308033418

**Revenue Account No.:** 14229

**Swift Code:** NEBLNPKA

**Loan No. and Title:** Loan 52130-NEP: Mechanized Irrigation Innovation Project

**Contract Nos. and Titles:** Civil-01/GWIS/MIIP/2079-80

Design, Construction, Operation and Maintenance of Groundwater Irrigation Systems and Associated Structures

Deadline for Submission of

Applications: 19 April 2023, 12:00 hours (local time)

The Prequalification Document will be sent electronically. Applicant should ensure its request for prequalification document contains a correct and valid email address. No liability will be accepted for loss or late delivery.

6. Deliver your sealed Application:

- to the address: Project Director, Mechanized Irrigation Innovation Project, Room No.: 404, Department of Water Resource and Irrigation, Jawalakhel, Lalitpur, Nepal
- on or before 19 April 2023, 12:00 hours (local time)

7. The Employer will not be responsible for any cost or expense incurred by Applicants in connection with the preparation or delivery of their applications.

8. The Employer will notify all Applicants in writing of the names of those Applicants who have been pre-qualified.

## **Upgrade of Water Sources Including Renovation of WTP**

**Project ID No.:** 48955

**Project Name:** Karakol Water Project

**Country:** Kyrgyz Republic

**Funding Agency:** EBRD

**Last date for submission:** 11/05/2023

### **Project Details:**

#### **INVITATION FOR TENDERS SINGLE**

Client Name: Karakol Municipal Enterprise Vodokanal

ECEPP ID: 21320245

Procurement Exercise Name: Upgrade of water sources including renovation of WTP

Procurement Exercise Description: Works aimed to upgrade water sources including renovation of WTP

Type of Procurement: Works

Procurement Method: Simple

Business Sector: Municipal and Environmental Infrastructure

Notice Type: Invitation for Tenders Single

#### **INVITATION FOR TENDERS SINGLE**

##### **1. Funding Details**

The above-named client intends to use part of the proceeds of a loan from/grant administered by the European Bank for Reconstruction and Development (the Bank) towards the cost of the above-named contract(s).

Additional financing information:

No Other Information Provided.

##### **2. Information on the Procurement Exercise**

Contracts will be subject to the Bank's Procurement Policies and Rules and are open for participation for firms from any country, unless otherwise specified in the procurement documents.

The type of contract and the procurement method is stated above. A full description of the procurement exercise is available within the documentation and is available free of charge in ECEPP.

The documentation will include such information as: detailed technical and financial requirements; any information on lots; the expected outcome; eligibility and qualification requirements; contract start date; planned contract duration; any response requirements; any other relevant information.

This procurement exercise will be conducted using the EBRD Client E-Procurement Portal (ECEPP). Prospective participants can access the procurement exercise by clicking on the below link or on the 'Access Opportunity' button (if viewing this notice on ECEPP). Registered participants may log in and access the documentation immediately and unregistered participants may do so after completing a brief registration:

<https://ecepp.ebrd.com/respond/54WZQ5SVYU>

### **3. Other Information**

This contract deals with implementation of works, delivery conditions and services in accordance with General and Particular Conditions of the Contract, General Specifications, Particular Specifications, Bill of Quantities and Drawings, drawn up for this purpose. The indicated works include:

- Reconstruction of Kashka-Suu water intake
  - Construction of water treatment plant
  - Construction of a chlorination unit
  - Construction of a cesspool and a filtering pit
  - Construction of a 250 m3 capacity reservoir combined with a pumping station
  - Construction of a guardhouse
  - Construction of a toilet
  - Fencing of water intake area
  - Vertical leveling, irrigation, drainage, landscaping
  - On-site networks of the water intake site
- Modernization of the Karakol water intake
  - Construction of the main facility
  - Sedimentation dam fastening
  - Shore protection activities;
  - Overflow wall and sump flushing
  - Water separator
  - Construction of a guardhouse

#### **4. Client Address**

The client's address is for information only. To register interest, access the documentation using the available links. Participants must use the ECEPP message centre for communication with the client.

## **Design and Construction of an Electrified Standard Gauge Railway (SGR)**

**Project ID No.:** PA/154/HQ/AFDB/202-23/W/01

**Project name:** Design and construction of works for an electrified standard gauge railway (sgr) under design and building arrangement

**Country:** Tanzania –Burundi

**Funding Agency:** African development bank

**Last date for submission:**15/05/2023

### **Project Details:**

**Employer:** Tanzania Railways Corporation (TRC)

**Project:** The Multinational Tanzania –Burundi –DRC Congo SGR Project Phase I [The Construction of the Tanzania / Burundi (Uvinza –Musongati – Gitega SGR) Section]

**Contract title:** Design and Construction of an Electrified Standard Gauge Railway (SGR) under the Multinational Tanzania – Burundi – DRC Congo SGRProject Phase I [The Construction of the Tanzania / Burundi (Uvinza – Musongati –Gitega SGR) Section]

**Countries:** Tanzania and Burundi

1.The Government of Tanzania and Burundi has applied for financing from the African Development Bank towards the cost of the construction of the Uvinza – Musongati –Gitega) SGR Section which is the Phase I of the Tanzania – Burundi – DR Congo SGR project and intends to apply part of the proceeds from the loansto make payments under the contract for works for the construction of a Standard Gauge Railway (SGR) under Design and Build Arrangement.

2. The Governments of the United Republic of Tanzania and the Republic of Burundi have entered into a bilateral agreement and appointed the Tanzania Railways Corporation as the Implementing Agency for this Multinational Project.

3.The works for which this Invitation for Initial Selection applies an included under this project are Design and Construction of Works for an electrified Standard Gauge Railway (SGR) under Design and Build Arrangement.

4.The scope of works will be the design and construction of about 282 KM of an electrified Standard Gauge Railway line from Uvinza in Tanzania (off the Tabora –Kigoma SGR line), across the international border along Malagarasi river to Musongati and onwards to Gitega (both in Burundi).

5.The two Governments of Tanzania and Burundi have entered into a bilateral agreement to implement this multinational project as a single project within Tanzania and Burundi territories. The Employer is looking engage a single Works Contractor (and a single supervising consultant) for the whole project. However, for purposes of administration, the project is divided into two (2) Lots:

Lot 1 consist of the 156KM Tanzania Section to be implemented in one package, and Lot 2 consists of the 126KM Burundi section to be implemented in 2 packages as described below.6.The project is divided as follows:

a) Lot 1: Tanzania section from Uvinza to Malagarasi border (156 KM) to be implemented as one package.

b) Lot2: Burundi section from Malagarasi to Musongati and Gitega (126KM) to be implemented in two packages a.Lot 2-Package A: Malagarasi - Musongati (80KM)Section.

b. Lot 2-Package B: Musongati -Gitega (46KM) Section.

7.On behalf of two Governments of Tanzania and Burundi, TRC a government entity formed under Railways Act No. 10 of 2017 and incorporated in the United Republic of Tanzania under the Companies Act No.10 of 2017 will facilitate all procurement on behalf of parties. TRC is wholly owned by the Government of United Republic of Tanzania and is under the Ministry of Works and Transport. The major responsibilities of TRC as provided in the Act are principally, to develop, promote and manage the railway infrastructure assets in Tanzania Mainland.

8.TRC in collaboration with ARTF (Burundi Corporation in charge of Railways) intends to construction approximately 282 route-kilometre Railway line between Uvinza and Gitega via Musongati in Burundi and other railway facilities enroute to Standard Gauge, based on American Railway Engineering Maintenance of Way Association (AREMA) and UIC standards. The project will be implemented for period of five (5) years.

9.The Tanzania Railways Corporation (TRC) as the Implementing Agency for this project intends to initially select Applicants for Contract No. PA/154/AFDB/2022-23/W/01 for Design and Build Contract of an Electrified Standard Gauge Railway (SGR) Line under Design and Build (D& B) Arrangement as describe above.

10.The works involves the Design and Build of New Railway line consisting of Earthworks, Elevated Structure, Culverts, Tunnels, Viaduct, Permanent way, Stations, Buildings and Shops, Fencing of the line, Signaling & Telecommunications, IT systems and Electrification Systems of the standard

gauge (1,435 mm) railway line from Uvinza-Musongati-Gitega. The RAMS (Reliability, Availability, Maintainability, and Safety) is the basic requirement for infrastructure and all systems under this Project. Furthermore, design and construction shall comply with national and international guidelines on environmental and social safeguards.

11. Interested Contractors must provide information indicating that they are qualified to perform the works as follows: Experience in Detailed design

i. Minimum of five (5) Projects for 10 years of experience in the detail design of UIC Standard gauge Railway track

ii. Minimum of five (5) Project for 10 years of experience in detailed design of Heavy Railway Civil Works such as Tracks, Tunnels, Viaducts, Flyovers, Bridges, etc.

iii. Minimum of Five (5) Project for 10 years of experience in Railway tracks design (Light Rail and/or Heavy Rail).

iv. Minimum 5 years of experience in railway Stations design (Light Rail and/or Heavy Rail)

v. Minimum of Five (5) Project for 10 years of experience in design of Signaling and Telecommunication systems i.e., ERTMS Projects

vi. Minimum of Five (5) Project for 10 years of experience in design of Electrification Railway systems (Light Rail and/or Heavy Rails)

vii. Experience within the last 5 years on the detailed design of a Single Railway line Project with a Capital cost of at least US\$ 1,000 million. Experience in Construction

viii. Minimum of three (3) Projects for 10 years of experience in Construction of Heavy Railway Civil Works such as tracks, tunnels, viaducts, flyovers, bridges, etc.

ix. Minimum of two (2) Projects for 10 years of experience in Electrified Rail track and railway station Construction

x. Minimum of two (2) Projects for 10 years of experience in Construction and Installation of Electrification Railway systems (Light Rail and/or Heavy Rails)

xi. Minimum of two (2) Projects for Previous Experience in SGR Project adopting ERTMS systems.

xii. Minimum of 5 years cumulative experience on Construction works of Minimum Capital cost of US\$1.0 billion in Africa or other developing countries with a similar environment Financial Capacity

xiii. Minimum average turnover in the last 5 years on detailed design services of US\$ 20 million

xiv. Minimum average construction turnover in the last 5 years of US\$ 1.0 billion. It is expected that the Request for Proposals will be made in May, 2023.

12.InitialSelection will be conducted through the procedures as specified in the African Development Bank's Procurement Framework Dated October, 2015, available at [www.afdb.org](http://www.afdb.org).

13.Interested eligible Applicants may obtain further information from the Tanzania Railways Corporation (TRC) at the address below during office hours from 900hours to1630hours.A complete set of Initial Selection documents in English may be purchased by interested Applicants on the submission of a written application to the address below and upon payment of a nonrefundable fee of 250US\$ or its equivalent in Tanzania Shillings (TZS). The method of payment will be through Banker's Cheque or Cash Payable to Director General, Tanzania Railways Corporation. The document in both editable and not editable form will be sent to Applicant by email after effecting payment.

14.Applications for Initial Selection should be submitted in clearly marked envelopes and delivered to the address below by 15thMay, 2023 before or at 1030hoursaTRC Headquarter Conference Room.

15.Late submission of tenders shall not be accepted for evaluation irrespective of the circumstances.

16.TRC is not bound to accept any tender submitted and non-compliance of the above stated conditions shall automatically disqualify the Bid proposal.

Tenders must be delivered to the address below no later than Wednesday 03 May 2023 at 10:00 GMT. Electronic submission of bids will not be permitted. Any tender received after the expiry of the deadline for submission of tenders will be rejected. The tenders will be opened in the presence of the representatives of the tenderers and of the persons present at the address: To the President of the CPMP of the DPEF: Directorate of Education-Training Projects; DPEF building, rue 42-037, Tévragh-Zeina Nouakchott (Adjoining the KHAYAR school; block V). Tel+222 45 25 20 63 Ilot V lot B 33 - BP: 5193; Telephone: (222) 45 29 41 88 - Nouakchott-Mauritania on the same date.

Bids must be accompanied by a Bid Guarantee valid for a period of 148 days from the date of submission of bids for an amount of:

Batch1: 500,000 MRU

Batch2: 150,000 MRU

Please note that the Tender Regulations require the Borrower to disclose the beneficial ownership information of the successful Bidder, as part of the Contract Award Notification notice, by completing the included Beneficial Ownership Disclosure Form. in the tender dossier

The offers will remain valid for a period of 120 days from the date of submission of the offers.

The qualification requirements are:

To be qualified, the tenderer must establish, to the satisfaction of the Project Owner, evidence that he has the capacity and the necessary resources requested by the DAO to carry out the execution of the works. This qualification will be reviewed based on the following criteria:

**At the technical level:**

To. Have experience as a main contractor in the field of construction of reinforced concrete frame buildings and at least one similar project whose amount represents at least 80% of the amount of the offer, of the same nature and same complexity than the work covered by this contract over the last 5 years; this experience must be certified by a public or semi-public contracting authority for proper execution;

b. Have the necessary means to be assigned to the site with proof of ownership, leasing of the equipment or the intention to rent it (signed rental agreement, specifying the price, the market and the duration of the rental, etc.) such than specified in the DAO;

vs. Propose the CVs and profiles of the requested personnel: See the DPAO for more details.

**At the financial level:**

Provide a certificate of self-financing at least equal to:

**Batch 1:** 6,000,000 MRU

**Batch 2:** 1,500,000 MRU

Have achieved an average annual turnover over the last 5 years of at least equal to:

**Batch1:** 10,000,000 MRU

**Batch2:** 3,000,000 MRU

Tenderers are required to submit a detailed and updated workload plan for current contracts, specifying the execution rate for each contract. The Administration reserves the right to verify the information provided and to rule out:

Any tenderer whose one or more works contracts have been terminated;

Any tenderer who executes a contract which has not reached, on the date of submission of tenders, an execution rate of 60%, while his contractual period has expired.

**Design and construction engineering / reconstruction of the complex of buildings of the "Center of Excellence (CPE)"**

**Project ID No.:** P158372

**Project Name:** Agriculture Modernization Project

**Country:** Uzbekistan

**Funding Agency:** World Bank

**Last date for submission:** 10/04/2023

**Project Details:**

**Details**

**Request for expression of interest**

Country: **Republic of Uzbekistan**

IDA Credit: **6549-UZ**

Project: **Agriculture Modernization Project**

Package: **Development of design and construction engineering / reconstruction of the complex of buildings of the "Center of Excellence (CPE)" for agricultural research on the basis of the Research Institute of Fruit Growing, Viticulture and Winemaking named after Mirzaev**

Package No.: **AMP/C1/CQS/31**

1. The **International Center for Strategic Development and Research in the Field of Food and Agriculture** has received financing from the World Bank toward the cost of the Agriculture Modernization Project, and intends to apply part of the proceeds for consulting services. The consulting services ("the Services") include the **development of design and construction engineering / reconstruction of the complex of buildings of the "Center of Excellence (CPE)" for agricultural research on the basis of the Research Institute of Fruit Growing, Viticulture and Winemaking named after Mirzaev** to achieve the goals of the concept in the framework of the Agriculture modernization project.
2. The consulting services ("the Services") include **development of design and construction engineering / reconstruction of the complex of buildings of the "Center of Excellence (CPE)" for agricultural research on the basis of the Research Institute of Fruit Growing, Viticulture and Winemaking named after Mirzaev** to achieve the goals of the concept in the framework of the agriculture modernization project. The Center now invites consulting firms ("Consultants") to indicate their interest in providing the Services. Interested Consultants should provide information

demonstrating that they have the required qualifications and relevant experience to perform the Services. Consultants may team up with other firms to improve their skills, but should clearly indicate whether the association is a joint venture and/or a sub-consultant. In the case of a joint venture, all joint venture partners will be jointly and severally liable for the entire contract, if any.

3. Consulting firms should provide comprehensive information demonstrating their qualifications and experience in performing such services (information on organization, key personnel, past experience, a list of past and present tasks of a similar nature, and any other information that may demonstrate the consultant's ability to perform the task satisfactorily).
4. Consulting firms should include the following information to their EOI:

- **Consulting Firm Information**

Date:	Country of Incorporation:
Consultant Name:	Acronym:
EOI Submission Authorized by:	Position

- **Associations (Joint Venture or Sub-consultancy)**

Consultant	Acronym	Country of Incorporation	Joint Venture (JV) or Sub-consultant	EOI Submission Authorized By	Position

--	--	--	--	--	--

Present the rationale for and benefits of working in association (JV or Sub-consultant) with others rather than undertaking the assignment independently (as appropriate). Describe the proposed management and coordination approach of the association and the role of each firm.

- **Technical competence**

Project References - highlight the technical qualifications of your entity/consortium in undertaking similar assignments. Provide details of past experiences working with similar project authorities

- **Management Competence**

- Describe standard policies, procedures, and practices that your entity has to assure quality interaction with clients and outputs. Please state if your company is ISO certified.
- How your firm/consortium handles complaints concerning the performance of experts or quality of the reports submitted for previous and future assignments? What internal controls are in place to address and resolve complaints?
- How you ensure the quality of your firm's/consortium's performance over the life of assignments.

- **Projects references**

Present relevant projects to demonstrate the firm's technical qualifications and geographical experience.

- **Eligibility**

We, the undersigned, certify to the best of our knowledge and belief:

- We have read the advertisement, including the terms of reference (TOR), for this assignment: **(YES/NO)**;
  - Neither the consulting firm nor its JV member or sub-consultant or any of its experts prepared the TOR for this activity: **(YES/NO)**;
  - We confirm that the project references submitted as part of this EOI accurately reflect the experience of the specified firm/consortium: **(YES/NO)**;
  - Ensuring assignment resulting from our work product under this assignment, our firm, JV member or sub-consultant, and the expert(s) will be disqualified from short-listing and participation in the assignment.
  - The lead entity and JV member or sub-consultant are NOT currently sanctioned by or other MDBs. Neither the consulting firm nor the JV member or sub-consultant has ever been convicted of an integrity-related offense or crime related to theft, corruption, fraud, collusion or coercion.
1. The Consultant will be selected through a selection method based on qualifications (CQS) in accordance with the World Bank's Procurement Regulations for IPF Borrowers – Procurement in Investment Project Financing Goods, World, Non-Consulting and Consulting Services, July 2016 ("the Regulations").
  2. The attention of interested Consultants is drawn to paragraph 3.16 and 3.17 of the Regulations setting forth the World Bank's policy on conflict of interest.
  3. Expressions of interest shall be delivered in writing to the address below (in person or by e-mail) till 17:00 (Tashkent time) **by April 10th, 2023** along with information.
  4. Interested consultants may contact us by e-mail or telephone at the address below during business hours from 9:00 a.m. till 6:00 p.m. (Tashkent time).

## Construction of fence wall in magoanine

**Project ID No.:** P175322

**Project Name:** Maputo Metropolitan Area Urban Mobility Project

**Country:** Mozambique

**Funding Agency:** World Bank

**Last date for submission:** 28/04/2023

### Project Details:

REPUBLIC OF MOZAMBIQUE

MINISTRY OF TRANSPORT AND COMMUNICATIONS

Urban Mobility Project in the Maputo Metropolitan Area

PUBLIC TENDER ANNOUNCEMENT

CONSTRUCTION CONTRACT FOR CONSTRUCTION OF FENCE WALL IN MAGOANINE  
DEPOT - MAPUTO CITY

CONTEST No. 16/W/MMAUMP/22

The Government of Mozambique, represented by the Ministry of Transport and Communications, received funding from the World Bank to develop the Urban Mobility Project in the Maputo Metropolitan Area, intends to use part of the funds to pay the contract for the construction works of a Sealing Wall at the Magoanine Depot, Maputo City.

For this purpose, the Ministry of Transport and Communications invites interested and eligible companies (with a minimum acceptable license of the 5th class) to submit sealed proposals for the contract work for the Wall Fencing at the Magoanine Depot, in the city of Maputo.

Interested eligible bidders may obtain additional information from the Urban Mobility Project in the Maputo Metropolitan Area, Agência Metropolitana de Maputo and inspect the tender documents at the address below during normal office hours.

The complete tender documents, in Portuguese, may be requested in writing at the email address below, from March 29, 2023.

Proposals must be delivered by 2:00 pm on April 28, 2023, where they will be immediately opened in the presence of bidders who wish to participate in the act. All proposals must be accompanied by a Bank Guarantee in the amount of 350,000.00 (Three hundred and fifty thousand meticaïs) or equivalent in freely convertible currency.

The tender will be governed by the Regulation for Contracting Public Works Contracts, Supply of Goods and Provision of Services to the State, approved by Decree No. 05/2016, of March 8, 2023.

CONSTRUCTION CONTRACT FOR PAVING THE INTAKA ROAD – BOQUISSE IN THE MUNICIPALITY OF MATOLA

TENDER No. 13/W/MMAUMP/22

The Government of Mozambique, represented by the Ministry of Transport and Communications, received funding from the World Bank to develop the Urban Mobility Project in the Maputo Metropolitan Area, intends to use part of the funds to pay the contract for works on Paving the Road Intaka - Boquisso, in the Municipality of Matola.

For this purpose, the Ministry of Transport and Communications invites interested and eligible companies (with a minimum acceptable license of the 7th class) to submit sealed proposals for a contract for paving works on the Intaka Road - Boquisso, Municipality of Matola.

Interested eligible bidders may obtain additional information from the Urban Mobility Project in the Maputo Metropolitan Area, Agência Metropolitana de Maputo and inspect the tender documents at the address below during normal business hours.

The complete tender documents, in Portuguese, may be requested in writing at the email address below, from March 29, 2023.

Proposals must be delivered by 10:00 am on April 28, 2023, where they will be immediately opened in the presence of bidders who wish to participate in the act. All proposals must be accompanied by a Bank Guarantee in the amount of 3,600,000.00 (Three million, six hundred thousand meticaïs) or equivalent in freely convertible currency.

The tender will be governed by the Regulation for Hiring Public Works Contracts, Supply of Goods and Provision of Services to the State, approved by Decree No. 05/2016, of March 8

The procedure will be conducted by national competition using a Call for Tenders (CBD) as defined in the “Regulations – Procurement applicable to Borrowers in the context of the Financing of Investment Projects” updated in July 2016 of the World Bank (“the Procurement Regulations”), and open to all bidders from eligible countries as defined in the Procurement Regulations.

Interested and eligible Bidders can obtain information from the DPEF and read the Call for Tenders documents at the following address: Direction des Projets Education – Formation, BP: 6541 Telephone (+222) 45 25 20 63; (+222) 45 29 12 03 & 45 29 12 04, from 9 a.m. to 4 p.m. (GMT time).

Interested bidders may obtain the complete Tender Dossier in French by submitting a written request to the address mentioned above against a non-refundable payment of Five thousand Ouguiyas (5000 MRU). Payment will be made by transfer to the bank account opened in the name of the DPEF at BMCI, Nouakchott, whose details are as follows:

MAURITANIAN BANK FOR INTERNATIONAL TRADE

Références Bancaires			
Code banque	Code agence	N° du compte	Clé RIB
00010	00001	01289070181	79
Adresse SWIFT	MBICMRMRXXX		
IBAN: MR 1300010000010128907018179			

Tenders must be delivered to the address below no later than May 2, 2023 at 10:00 GMT. Electronic submission of bids will not be permitted. Any tender received after the expiry of the deadline for submission of tenders will be rejected. The tenders will be opened in the presence of the representatives of the tenderers and of the persons present at the address: To the President of the CPMP of the DPEF: Directorate of Education-Training Projects; DPEF building, rue 42-037, Tévragh-Zeina Nouakchott (Adjoining the KHAYAR school; block V). Tel+222 45 25 20 63 Ilot V lot B 33 - BP: 5193; Telephone: (222) 45 29 41 88 - Nouakchott-Mauritania on the same date.

Bids must be accompanied by a Bid Guarantee valid for a period of 148 days from the date of submission of bids for an amount of:

**Batch1: 60,000 MRU**

**Batch2: 120,000 MRU**

**Batch3: 230,000 MRU**

Please note that the Tender Regulations require the Borrower to disclose the beneficial ownership information of the successful Bidder, as part of the Contract Award Notification notice, by completing the Beneficial Ownership Disclosure Form included in the tender dossier

The offers will remain valid for a period of 120 days from the date of submission of the offers.

The qualification requirements are:

To be qualified, the tenderer must establish, to the satisfaction of the Contracting Authority, evidence that he has the capacity and the necessary resources requested by the DAO to carry out the execution of the works. This qualification will be reviewed based on the following criteria:

**At the technical level:**

To. Have experience as a main contractor in the field of construction of reinforced concrete frame buildings and at least one similar project whose amount represents at least 80% of the amount of the offer, of the same nature and same complexity than the work covered by this contract over the last 5 years; this experience must be certified by a public or semi-public contracting authority for proper execution;

b. Have the necessary means to be assigned to the site with proof of ownership, leasing of the equipment or the intention to rent it (signed rental agreement, specifying the price, the market and the duration of the rental, etc.) such as than specified in the DAO;

vs. Propose the CVs and profiles of the requested personnel: See the DPAO for more details.

**At the financial level:**

Provide a certificate of self-financing at least equal to:

**Batch 1: 600,000 MRU**

**Batch 2: 1,200,000 MRU**

**Batch 3: 2,500,000 MRU**

Have achieved an average annual turnover over the last 5 years of at least equal to:

**Batch 1: 1,000,000 MRU**

**Batch 2: 2,000,000 MRU**

**Batch 3: 4,300,000 MRU**

Tenderers are required to submit a detailed and updated cost plan for current contracts, specifying the execution rate for each contract. The Administration reserves the right to verify the information provided and to rule out:

Any tenderer whose one or more works contracts have been terminated;

Any tenderer who executes a contract which has not reached, on the date of submission of tenders, an execution rate of 60%, while his contractual period has expired.

**Project Details:**

**Invitation to Participate in the Auction**

ROMANIA

PROJECT IMPROVING RESILIENCE AND RESPONSE TO EMERGENCY SITUATIONS

Contract Title: Works for the investment objective "Demolition and reconstruction of the Police headquarters in the town of Popeti-Leordeni - I.P.J. Ilfov".

No. loan: 8949-RO

No. reference: RO-GIRP-347763-CW-RFB

1. The Government of Romania received a loan from the International Bank for Reconstruction and Development to support the implementation of the Project on improving resilience and response to emergency situations (the "Project") and intends to allocate part of the funds of this loan to finance the works contract related to the investment objective "Demolition and reconstruction of the Popeti-Leordeni police headquarters - I.P.J. Ilfov".
2. The General Inspectorate of the Romanian Police hereby requests the submission of sealed bids, from the eligible Bidders, regarding the execution of works for the investment objective "Demolition and reconstruction of the Police headquarters in the town of Popeti-Leordeni - I.P.J. Ilfov", having an estimated execution time of 18 months.
3. The auction will be organized in accordance with the competitive procurement procedure, carried out at the national level, called "Request for Bids" (RFB), as specified in the World Bank Regulation on the financing of borrowers' investment projects, edition July 2016, revised in November 2017 ("Procurement Regulations") - <http://pubdocs.worldbank.org/en/659511533066042959/Procurement-Regulations-2017.pdf> and is open to participation by all Bidders, as described in these Regulations.

4. Eligible bidders who are interested can obtain additional information from the General Inspectorate of the Romanian Police - Project Implementation Unit (UIP) at the contact details below, during business hours Monday-Friday 8:00-16:00.
5. A complete set of tender documents in Romanian, in electronic format, will be provided to interested eligible Bidders, as a result of a written request sent to the email addresses below, in which the Bidder's contact information will be mentioned. The tender documentation can be downloaded from a link that will be sent to the Bidder by e-mail.
6. A site visit will be organized on 04/06/2023. Interested bidders will send a request to participate at least 2 working days before, to the email addresses indicated below, providing the following information regarding the persons appointed to participate in this visit: name, telephone, e-mail, C.I. scanned. Requests for clarifications to the tender documentation must be received by the Employer by 13.04.2023, inclusive.
7. Offers must be sent to the address below before May 9, 2023, 2:00 p.m. Electronic bidding is not allowed. Late offers will be rejected. The offers will be opened publicly, in the presence of the designated representatives of the bidders and any persons who wish to participate, at the address below on the date and time of May 9, 2023, 2:00 p.m.
8. All offers must be accompanied by an auction participation guarantee in the amount of: 155,000 Lei.
9. Attention is drawn to the provisions of the Procurement Regulation which mention the requirement that the Borrower shall communicate, within the Contract Award Notice, information regarding the beneficial owner with reference to the winning bidder, based on the Beneficiary Identification Form that is included in the documentation of auction.

**The address mentioned above is:**

#### **INVITATION FOR TENDERS SINGLE**

##### **1. Funding Details**

The above-named client intends to use part of the proceeds of a loan from/grant administered by the European Bank for Reconstruction and Development (the Bank) towards the cost of the above-named contract(s).

Additional financing information:

The Albania Infrastructure and Tourism-Enabling Project “the Project” is financed by the European Union through technical assistance and investments grants for a total amount of EUR 40 million, and by complementary sovereign loan facility provided by the EBRD to the Government of Albania. The Project is implemented by the Albanian Development Fund as executing agency (the “Client”) and the European Bank for Reconstruction and Development (the “Bank”). The EU grants are identified by the EU in close cooperation with the Albanian Development Fund.

The contract will be subject to the Bank's Procurement Policies and Rules and are open for participation for firms from any country, unless otherwise specified in the procurement documents. Donors may request certain conditions in relation to contracts financed with grant funds, which conditions will be specified in the procurement documents. Prospective participants should ensure their eligibility for contract award. Please contact the Client for any questions in this respect

## **2. Information on the Procurement Exercise**

Contracts will be subject to the Bank's Procurement Policies and Rules and are open for participation for firms from any country, unless otherwise specified in the procurement documents.

The type of contract and the procurement method is stated above. A full description of the procurement exercise is available within the documentation and is available free of charge in ECEPP.

The documentation will include such information as: detailed technical and financial requirements; any information on lots; the expected outcome; eligibility and qualification requirements; contract start date; planned contract duration; any response requirements; any other relevant information.

This procurement exercise will be conducted using the EBRD Client E-Procurement Portal (ECEPP). Prospective participants can access the procurement exercise by clicking on the below link or on the 'Access Opportunity' button (if viewing this notice on ECEPP). Registered participants may log in and access the documentation immediately and unregistered participants may do so after completing a brief registration:

<https://ecepp.ebrd.com/respond/9MV37S96VH>

## **3. Other Information**

No Other Information Provided.

## **4. Client Address**

The client's address is for information only. To register interest, access the documentation using the available links. Participants must use the ECEPP message centre for communication with the client.

## Replacement and construction works of certain infrastructures

**Project ID No.:** P163143

**Project Name:** MAURITANIA - Basic Education Sector Support Project - Phase 2

**Country:** Mauritania

**Funding Agency:** World Bank

**Last date for submission:** 04/05/2023

### Project Details:

No: 11 / Works/PASEBII\_DPEF/2023

COUNTRY: ISLAMIC REPUBLIC OF MAURITANIA

PROJECT NAME: PASEB-2 BASIC EDUCATION1 SECTOR SUPPORT PROJECT

Donation No: IDA-7360

Contract name: Replacement and construction works of certain infrastructures in the wilayas of Brakna, Trarza and Tagant / Emergency program

Reference number on STEP: MR-BESSP-343027-CW-RFB

The Government of the Islamic Republic of Mauritania has received a grant from the International Development Association to cover the cost of the Support Project for the Basic Education Sector (PASEB 2) and intends to use part of this donation to make payments under the contract for the replacement and construction works of certain infrastructures in the wilayas of Brakna, Trarza and Tagant / Emergency program

The Directorate of Education-Training Projects (DPEF) invites closed offers from eligible bidders who meet the qualifications required to carry out the replacement and construction works of certain infrastructures in the wilayas of Brakna, Trarza and Tagant / Program of emergency in three batches, as follows:

#### **Lot1: Brakna**

<b>Municipality</b>	<b>Establishment</b>	<b>Activity</b>	<b>Number of classrooms</b>
Male	Ec. Legended	Replacement	4
Male	Ec.basibgueddi	Replacement	4
Aghcorguit	Boghbeira	REPLACEMENT	4
Bouhdide	Ec. Laaleybate	Replacement	4
<b>Total brakna wilaya</b>			<b>18</b>

--	--	--	--

## Lot2: Trarza

Municipality	Establishment	Activity	Number of classrooms
Boutilimit	Ec.dar el barke	Replacement	2
Boutilimit	Ec.ibilgnane	Replacement	6
Tiguind	Ec.el meyssour	Replacement	2
Mederdra	Ec. Zare	Replacement	2
Nebaghiye	Ec. Nebaghiye 1	Replacement	6
Tekane	Ec. Basra	Replacement	2
Tekane	Teikan high school	Rehabilitation	2
Lexeiba	Ec. Chbarya	Replacement	4
Rkiz	Ec.bouhajra	Replacement	6
Boir tores	Ec. Nievrar	Replacement	2
Mbalal	Ec.leboired	Replacement	6
Taguilalett	Dochliya south	Replacement	6
<b>Total wilaya of trarza</b>			<b>46</b>

## Lot 3: tagant

Commune	Establishment	Be active	Name of classrooms
Tidjikja	Ec. Tintemlel	Replacement	2
The chief	Ec. Nmadi	Replacement	2

The chief	Ec. Aghreyjite	Replacement	2
O. Emejboure	Ec. O. Emejboure	Replacement	2
O. Emejboure	Khmos teidoum	Replacement	2
<b>Total county of tagant</b>			<b>10</b>

The procedure will be conducted by national competition using a Call for Tenders (CBD) as defined in the “Regulations – Procurement applicable to Borrowers in the context of the Financing of Investment Projects” updated in July 2016 of the World Bank (“the Procurement Regulations”), and open to all bidders from eligible countries as defined in the Procurement Regulations.

Interested and eligible Bidders can obtain information from the DPEF and read the Call for Tenders documents at the following address: Direction des Projets Education – Formation, BP: 6541 Telephone (+222) 45 25 20 63; (+222) 45 29 12 03 & 45 29 12 04, from 9 a.m. to 4 p.m. (GMT time).

Interested bidders may obtain the complete Tender Dossier in French by submitting a written request to the address mentioned above against a non-refundable payment of Five thousand Ouguiyas (5000 MRU). Payment will be made by transfer to the bank account opened in the name of the DPEF at BMCI, Nouakchott, whose details are as follows:

#### **MAURITANIAN BANK FOR INTERNATIONAL TRADE**

Bank references			
Bank code	Agency code	Account number	bank key
00010	00001	01289070181	79
SWIFT address	MBICMRMRXXX		
IBAN: MR 1300010000010128907018179			

Tenders must be delivered to the address below no later than May 4, 2023 at 11:30 GMT. Electronic submission of bids will not be permitted. Any tender received after the expiry of the deadline for submission of tenders will be rejected. The tenders will be opened in the presence of the representatives of the tenderers and of the persons present at the address: To the President of the CPMP of the DPEF: Directorate of Education-Training Projects; DPEF building, rue 42-037, Tévragh-Zeina Nouakchott (Adjoining the KHAYAR school; block V). Tel+222 45 25 20 63 Ilot V lot B 33 - BP: 5193; Telephone: (222) 45 29 41 88 - Nouakchott-Mauritania on the same date.

Bids must be accompanied by a Bid Guarantee valid for a period of 148 days from the date of submission of bids for an amount of:

**Batch1: 210,000 MRU**

**Batch2: 450,000 MRU**

**Batch3: 90,000 MRU**

Please note that the Tender Regulations require the Borrower to disclose the beneficial ownership information of the successful Bidder, as part of the Contract Award Notification notice, by completing the Beneficial Ownership Disclosure Form included in the tender dossier

The offers will remain valid for a period of 120 days from the date of submission of the offers.

The qualification requirements are:

To be qualified, the tenderer must establish, to the satisfaction of the Contracting Authority, evidence that he has the capacity and the necessary resources requested by the DAO to carry out the execution of the works. This qualification will be reviewed based on the following criteria:

**At the technical level:**

To. Have experience as a main contractor in the field of construction of reinforced concrete frame buildings and at least one similar project whose amount represents at least 80% of the amount of the offer, of the same nature and same complexity than the work covered by this contract over the last 5 years; this experience must be certified by a public or semi-public contracting authority for proper execution;

b. Have the necessary means to be assigned to the site with proof of ownership, leasing of the equipment or the intention to rent it (signed rental agreement, specifying the price, the market and the duration of the rental, etc.) such as than specified in the DAO;

vs. Propose the CVs and profiles of the requested personnel: See the DPAO for more details.

**At the financial level:**

Provide a certificate of self-financing at least equal to:

**Batch 1: 2,000,000 MRU**

**Batch 2: 5,000,000 MRU**

**Batch 3: 1,000,000 MRU**

Have achieved an average annual turnover over the last 5 years of at least equal to:

**Batch 1: 4,000,000 MRU**

**Batch 2: 9,000,000 MRU**

**Batch 3: 1,500,000 MRU**

Tenderers are required to submit a detailed and updated cost plan for current contracts, specifying the execution rate for each contract. The Administration reserves the right to verify the information provided and to rule out:

Any tenderer whose one or more works contracts have been terminated;

Any tenderer who executes a contract which has not reached, on the date of submission of tenders, an execution rate of 60%, while his contractual period has expired.

## Engineering Procurement, and Construction for Solar PV plant

**Project ID No.:** P170236

**Project Name:** Renewable Energy and Improved Utility Performance Project

**Country:** Cabo Verde

**Funding Agency:** World Bank

**Last date for submission:** 17/04/2023

### Project Details:

#### Details

#### Invitation for Initial Selection

#### Works

(Engineer Procure Construct/Turnkey Contract)

**Employer:** Unidade de Gestão de Projecto Especiais – Ministerio das Finanças e Fomento Empresarial

**Project:** Renewable Energy and Improved Utility Performance Project (REIUPP)

**Country:** Republic of Cabo Verde

**Loan No.** IDA Credit 6993-CV / IBRD Loan 9298-CV

**ISD Ref. No:** 009/REIUP/UGPE

#### (DEADLINE EXTENSION)

**Contract title:** Engineering Procurement, and Construction for:

- **FOGO island - Solar PV plant (capacity: 1.3 MWp)**
- **SANTO ANTAO island - Solar PV plant (capacity: 1.2 MWp)**
- **SAO NICOLAU island Solar PV plant (capacity: 0.4 MWp)**
- **MAIO island Solar PV plant (capacity: 0.4 MWp)**

1. The Government of Cabo Verde has received a financing in the amount of US\$16.5 million equivalent from the World Bank toward the cost of the Cabo Verde Renewable Energy and Improved Utility Performance Project, and it intends to apply part of the proceeds for consulting services toward payments under the contract for: **Engineering, Procurement and Construction for: FOGO island - Solar PV plant (capacity: 1.3 MWp); SANTO ANTAO island - Solar PV plant (capacity: 1.2 MWp); SAO NICOLAU island Solar PV plant (capacity: 0.4 MWp); MAIO island Solar PV plant (capacity: 0.4 MWp).** This contract will be jointly financed by IDA and IBRD agency. Procurement process will be governed by the World Bank's Procurement Regulations.
2. The implementing agency, Unidade de Gestão de Projectos Especiais, (UGPE) intends to initially select Applicants for Engineering, Procurement

and Construction for: Fogo island - Solar PV plant (capacity: 1.3 MWp), Santo Antão island - Solar PV plant (capacity: 1.2 MWp), São Nicolau island Solar PV plant (capacity: 0.4 MWp) and Maio island Solar PV plant (capacity: 0.4 MWp). The EPC contract will be a turnkey project for the construction of new photovoltaic solar power plants at the four (4) sites, complete with all PV modules, inverters, cabling control, protection, safety, SCADA, synchronizing auxiliary equipment and ground mounted structures. The Contractor will determine all plant and material sizes and quantities and price accordingly for a fully functional PV plant, in accordance with the Owner's Requirements, applicable National and International standards. The Contractor will be responsible for a training program of the DCINE and UGPE staff. This shall entail the day-to-day operation and maintenance of the PV plants. The training provided shall be structured such that it equips the local staff with the necessary skills and knowledge to successfully take over the Design, Construction, Commissioning, and Operation and Maintenance of the Solar PV systems at the end of the EPC contract. It is expected that the Request for Proposals will be issued by May 2023. It is expected that construction may commence by August 2023, with commissioning expected by June 2025.

3. Initial Selection will be conducted through the procedures as specified in the World Bank's Procurement Regulations for IPF Borrowers November 2020 ("Procurement Regulations"), and is open to all eligible Applicants as defined in the Procurement Regulations.
4. Interested eligible Applicants may obtain further information from the Unidade de Gestão de Projectos Epeciais, (UGPE) through the email address below in paragraph 6 during office hours from 08 am to 17 pm. A complete set of Initial Selection documents in English only, shall be requested at the e-mail address by interested Applicants upon submission of a written request or be consult at the following link: <https://ugpe.gov.cv/concurso/engineering-procurement-and-construction-for-solar-pv-plant-in-fogo-santo-antao-sao-nicolau-and-maio>.
5. **The deadline for submission Applications for Initial Selection is extended until April 17, 2023 at 3:00 local time.**
6. **Late applications may be rejected.**
7. Applications for Initial Selection should be submitted in:

**Option 1) clearly marked closed envelopes and delivered to the address:**

## Design and Construction of an Electrified Standard Gauge Railway

**Project ID No.:** PA/154/HQ/AFDB/202-23/W/01

**Project Name:** Multinational - Design and Construction of an Electrified Standard Gauge Railway

**Country:** Tanzania – Burundi – DRC Congo (Multinational)

**Funding Agency:** African development Bank

**Last date for submission:** 15/05/2023

### Project Details:

**TENDER NO.:** PA/154/HQ/AFDB/202-23/W/01

FOR DESIGN AND CONSTRUCTION OF WORKS FOR AN ELECTRIFIED STANDARD GAUGE RAILWAY (SGR) UNDER DESIGN AND BUILD ARRANGEMENT

**Employer:** Tanzania Railways Corporation (TRC)

**Project:** The Multinational Tanzania –Burundi –DRC Congo SGR Project Phase I [The Construction of the Tanzania / Burundi (Uvinza –Musongati –Gitega SGR) Section]

**Contract title:** Design and Construction of an Electrified Standard Gauge Railway (SGR) under Design and Build (D&B) under the Multinational Tanzania –Burundi –DRC Congo SGR Project Phase I [The Construction of the Tanzania / Burundi (Uvinza –Musongati –Gitega SGR) Section]

**Countries:** Tanzania and Burundi

1.The Governments of the United Republic of Tanzania and the Republic of Burundi have applied for financing from the African Development Bank toward the cost of The Construction of the Tanzania/Burundi (Uvinza –Musongati –Gitega) SGR Section which is the Phase I of the Tanzania –Burundi –DR Congo SGR project and intends to apply part of the proceeds from the loans to make payments under the contract for works for Construction of a Standard Gauge Railway (SGR) under Design and Build Arrangement.

2.The Governments of the United Republic of Tanzania and the Republic of Burundi have entered into a bilateral agreement and appointed the Tanzania Railways Corporation as the Implementing Agency for this Multinational Project.

3.The works for which this Invitation for Initial Selection applies and included under this project are Design and Construction of Works for an electrified Standard Gauge Railway (SGR) under Design and Build Arrangement.

4. The scope of works will be the design and construction of about 282 KM of an electrified Standard Gauge Railway line from Uvinza in Tanzania (off the Tabora –Kigoma SGR line), across the international border along Malagarasi river to Musongati and onwards to Gitega (both in Burundi).

5.The two Governments of Tanzania and Burundi have entered into a bilateral agreement to implement this multinational project as a single project within Tanzania and Burundi territories. The Employer is looking engage a single n Works Contractor (and a single supervising consultant) for the whole project. However, for purposes of administration, the project is divided into two (2) Lots: Lot 1 consist of the 156KM Tanzania Section to be implemented in one package, and Lot 2 consists of the 126 KM Burundi section to be implemented in 2 packages as described below.

6.The project is divided as follows:

- a) Lot 1: Tanzania section from Uvinza to Malagarasi border (156 KM) to be implemented as one package.
- b) Lot2: Burundi section from Malagarasi to Musongati and Gitega (126KM) to be implemented in two packages
  - a.Lot 2-Package A: Malagarasi -Musongati (80KM)Section.
  - b.Lot 2-Package B: Musongati -Gitega (46KM) Section.

7.On behalf of two Governments of Tanzania and Burundi, TRC a government entity formed under Railways Act No. 10 of 2017 and incorporated in the United Republic of Tanzania under the Companies Act No.10 of 2017 will facilitate all procurement on behalf of parties. TRC is wholly owned by the Government of United Republic of Tanzania and is under the Ministry of Works and Transport. The major responsibilities of TRC as provided in the Act are principally, to develop, promote and manage the railway infrastructure assets in Tanzania Mainland.

8.TRC in collaboration with ARTF (Burundi Corporation in charge of Railways) intends to constructan approximately 282 route-kilometre Railway line between Uvinza and Gitega via Musongati in Burundi and other railway facilities enroute to Standard Gauge, based on American Railway Engineering Maintenance of Way Association (AREMA) and UIC standards. The project will be implemented for period of five (5) years.

9.The Tanzania Railways Corporation (TRC) as the Implementing Agency forth is project intends to initially select Applicants for Contract No. PA/154/AFDB/2022-23/W/01 for Design and Build Contract of an Electrified Standard Gauge Railway (SGR) Line under Design and Build (D& B) Arrangement as describe above.

10.The works involves the Design and Build of New Railway line consisting of Earthworks, Elevated Structure, Culverts, Tunnels, Viaduct, Permanent way, Stations, Buildings and Shops, fencing of the line, Signaling & Telecommunications, IT systems and Electrification Systems of the standard gauge (1,435 mm) railway line from Uvinza-Musongati-Gitega. The RAMS

(Reliability, Availability, Maintainability, and Safety) is the basic requirement for infrastructure and all systems under this Project. Furthermore, design and construction shall comply with national and international guidelines on environmental and social safeguards.

11. Interested Contractors must provide information indicating that they are qualified to perform the works as follows:

#### Experience in Detailed design

- i. Minimum of five (5) Projects for 10 years of experience in the detail design of UIC Standard gauge Railway track
  - ii. Minimum of five (5) Project for 10 years of experience in detailed design of Heavy Railway Civil Works such as Tracks, Tunnels, Viaducts, Flyovers, Bridges, etc.
  - iii. Minimum of Five (5) Project for 10 years of experience in Railway tracks design (Light Rail and/or Heavy Rail).
  - iv. Minimum 5 years of experience in railway Stations design (Light Rail and/or Heavy Rail)
  - v. Minimum of Five (5) Project for 10 years of experience in design of Signaling and Telecommunication systems i.e., ERTMS Projects
  - vi. Minimum of Five (5) Project for 10 years of experience in design of Electrification Railway systems (Light Rail and/or Heavy Rails)
  - vii. Experience within the last 5 years on the detailed design of a Single Railway line Project with a Capital cost of at least US\$ 1,000 million. Experience in Construction
  - viii. Minimum of three (3) Projects for 10 years of experience in Construction of Heavy Railway Civil Works such as tracks, tunnels, viaducts, flyovers, bridges, etc.
  - ix. Minimum of two (2) Projects for 10 years of experience in Electrified Rail track and railway station Construction
  - x. Minimum of two (2) Projects for 10 years of experience in Construction and Installation of Electrification Railway systems (Light Rail and/or Heavy Rails)
  - xi. Minimum of two (2) Projects for Previous Experience in SGR Project adopting ERTMS systems.
  - xii. Minimum of 5 years cumulative experience on Construction works of Minimum Capital cost of US\$1.0 billion in Africa or other developing countries with a similar environment Financial Capacity.
  - xiii. Minimum average turnover in the last 5 years on detailed design services of US\$ 20 million
  - xiv. Minimum average construction turnover in the last 5 years of US\$ 1.0 billion
- It is expected that the Request for Proposals will be made in May, 2023.

12. Initial Selection will be conducted through the procedures as specified in the African Development Bank's Procurement Framework Dated October, 2015, available at [www.afdb.org](http://www.afdb.org).

13. Interested eligible Applicants may obtain further information from the Tanzania Railways Corporation (TRC) at the address below during office hours from 900hours to 1630hours. A complete set of Initial Selection documents in English may be purchased by interested Applicants on the submission of a written application to the address below and upon payment of a nonrefundable fee of 250US\$ or its equivalent in Tanzania Shillings (TZS). The method of payment will be through Banker's Cheque or Cash Payable to Director General, Tanzania Railways Corporation. The document in both editable and not editable form will be sent to Applicant by email after effecting payment.

14. Applications for Initial Selection should be submitted in clearly marked envelopes and delivered to the address below by 15th May, 2023 before or at 1030hours at TRC Headquarter Conference Room.

15. Late submission of tenders shall not be accepted for evaluation irrespective of the circumstances.

16. TRC is not bound to accept any tender submitted and non-compliance of the above stated conditions shall automatically disqualify the Bid proposal.

## Supervision of Construction and development of Karambi Dam and marshland

**Project ID No.:** P171462

**Project Name:** Commercialization and De-Risking for Agricultural Transformation Project

**Country:** Rwanda

**Funding Agency:** World Bank

**Last date for submission:** 25/04/2023

### **Project Details:**

The Government of Rwanda has received financing from the International Development Association (IDA) toward the cost of the Commercialization and De-risking for Agricultural Transformation (CDAT) Project and intends to apply part of the proceeds for consulting services for **hiring a Consultancy firm for supervision of Construction and development of Karambi Dam and marshland located in Kayonza District - Eastern Province**;The Terms of Reference (TOR) related to this assignment are attached to this request for expressions of interest.

The Rwanda Agriculture and Animal Resources Development Board (RAB)/ Commercialization and De-risking for Agricultural Transformation (CDAT) Project now invites eligible consulting firms ("Consultants") to indicate their interest in providing the Services. Interested Consultancy firms should provide information demonstrating that they have the required qualifications and relevant experience to perform the Services.

**The shortlisting criteria are:** The firm should have 10 years' experience in design and or in supervision of irrigated scheme development with 5 years specific experience in supervision for construction of irrigation earth dam (each reference provided must be accompanied by a certificate of good completion) with the following requirements

- Knowledge of international standards and best practices for irrigation scheme construction,
- Experience in supervising construction projects in developing countries,
- The technical and managerial organization of the firm.

The shortlist will contain Five (5) to Eight (8) firms.

The attention of interested Consultants is drawn to Section III, paragraphs, 3.14, 3.16, and 3.17 of the World Bank's "Procurement Regulations for IPF Borrowers" Fourth Edition November, 2020 ("Procurement Regulations"), setting forth the World Bank's policy on conflict of interest.

Consultants may associate with other firms to enhance their qualifications, but should indicate clearly whether the association is in the form of a joint venture and/or a sub-consultancy. In the case of a joint venture, all the partners in the joint venture shall be jointly and severally liable for the entire contract, if selected.

A Consultant will be selected in accordance with the criteria set out in the Request for Proposals.

Expressions of interest must be delivered through e-procurement system on [www.umucyo.gov.rw](http://www.umucyo.gov.rw) by the time indicated in the system

## Construction Supervision of Improvements to Alafa'alava Road and East Coast Road

**Project ID No.:** P176272

**Project Name:** Samoa Aviation and Roads Investment Project

**Country:** Samoa

**Funding Agency:** World Bank

**Last date for submission:** 04/05/2023

### Project Details:

#### REQUEST FOR EXPRESSIONS OF INTEREST

#### (CONSULTING SERVICES– FIRMS SELECTION)

**Country:** Independent State of Samoa

**Name of Project:** Samoa Aviation and Road Investment Project (SARIP)

**Project ID.:** **P176272**

**Assignment Title:** Consultancy Services for Design, Procurement Assistance and Construction Supervision of Improvements to Alafa'alava Road and East Coast Road, Upolu, Samoa

**Reference No.** (as per Procurement Plan): WS-LTA-349889-CS-QCBS

1. The Government of the Independent of Samoa has received financing from the World Bank toward the cost of the Samoa Aviation, Road and Investment Project (SARIP) and intends to apply part of the proceeds for consulting services.
2. The consulting services ("the Services") include Design, Procurement Assistance and Construction Supervision of Improvements to Alafa'alava Road and East Coast Road, Upolu between Apia and Falefa which is approximately 16km. The consulting services are to be undertaken in 2 Stages as below.
3. The Scope of Services will include, but not necessarily be limited to:

#### **Stage 1 – Field investigations, surveys, preliminary and detailed design, procurement documentation & procurement assistance (12 months)**

- Consultations, field assessments, surveys, and site investigations, prioritization / selection
- E&S assessment / preliminary engineering design;
- Detailed design and procurement documentation;
- Provision of assistance to LTA during the procurement process;

## **Stage 2 – Construction supervision and works contract(s) administration (30 months)**

- Supervision of construction and administration of contract(s);
- Defects liability / notification period and finalization of works contract(s);

The services are anticipated to require approximately sixty-six (66) person-months of key expert's inputs consisting of Senior Road Engineer, Support Roads Engineer, Geotechnical / Materials Engineer, Engineering Hydrologist / Drainage Engineer, Bridge Engineer, Environmental Safeguards Specialist, L-Social /resettlement Specialist, Supervision Team Leader. It is expected that this consulting assignment will be completed within forty-two (42) months from the contract signing.

4. The detailed Terms of Reference (TOR) for the assignment is available upon request, please email [vailoa.iefata@lta.gov.ws](mailto:vailoa.iefata@lta.gov.ws), [taupisioletoga.faamatuainu@lta.gov.ws](mailto:taupisioletoga.faamatuainu@lta.gov.ws) or [malcolm.esera@lta.gov.ws](mailto:malcolm.esera@lta.gov.ws) for TOR.

5. The Land Transport Authority now invites eligible consulting firms ("Consultants") to indicate their interest in providing the Services. Interested Consultants should provide information demonstrating that they have the required qualifications and relevant experience to perform the Services. The shortlisting criteria are: (i) description of *two* similar assignments carried out in the recent past *five* years, (ii) experience in similar conditions (developing countries in particular the Pacific Region), and (iii) availability of technical personnel and capacity to complete the services in the time specified.

6. The attention of interested Consultants is drawn to Section III, paragraphs, 3.14, 3.16, and 3.17 of the World Bank's "Procurement Regulations for IPF Borrowers" July 2016, revised in November 2020. Setting forth the World Bank's policy on conflict of interest.

7. Consultants may associate with other firms in the form of a joint venture or a sub-consultant to enhance their qualification, but should indicate clearly whether the association is in the form of a joint venture and/or a sub-consultancy. In the case of a joint venture, all the partners in the joint venture shall be jointly and severally liable for the entire contract, if selected

8. A Consultant will be selected in accordance with the Quality and Cost Based Selection (QCBS) method set out in the "Procurement Regulations".

9. Further information can be obtained at the address mentioned below during 9:00 to 16:00 hours on working days.

Mr. Tiimalu Malcolm Esera  
Manager of the Project Management Division  
Land Transport Authority  
Vaitele  
Email – [malcolm.esera@lta.gov.ws](mailto:malcolm.esera@lta.gov.ws)  
Phone- 26740 extension 139

10. Expressions of interest clearly marked with “ **WS-LTA-349889-CS-QCBS – EOI - Consultancy Services for Design, Procurement Assistance and Construction Supervision of Improvements to Alafa’alava Road and East Coast Road, Upolu, Samoa**” must be delivered in a written form to the address below (by email) **before 4:00PM (Samoa Local Time) on Thursday 04th May, 2023**. E-mailed submissions should not exceed 9 MB and a read receipt should be requested.

## 6 Ways Drones in Construction Are Changing the Industry

**Drones.** You’ve heard about them and seen them everywhere. Whether flying around a room or capturing unique aerial footage, drones offer vast possibilities and applications — even in the world of construction.

In the past few years, drones have become one of the most compelling construction trends. The industry has experienced a 239% growth in drone use year over year, higher than any other commercial sector. Their aerial vantage point and data collecting abilities make them a viable tool, offering benefits ranging from on-site safety to remote monitoring.

In particular, the benefits of drone technology have revolutionized the entire project life cycle, from inception through project closeout. Drone photos, videos, and imagery are used to scope out projects, track building progress and provide real-time updates.

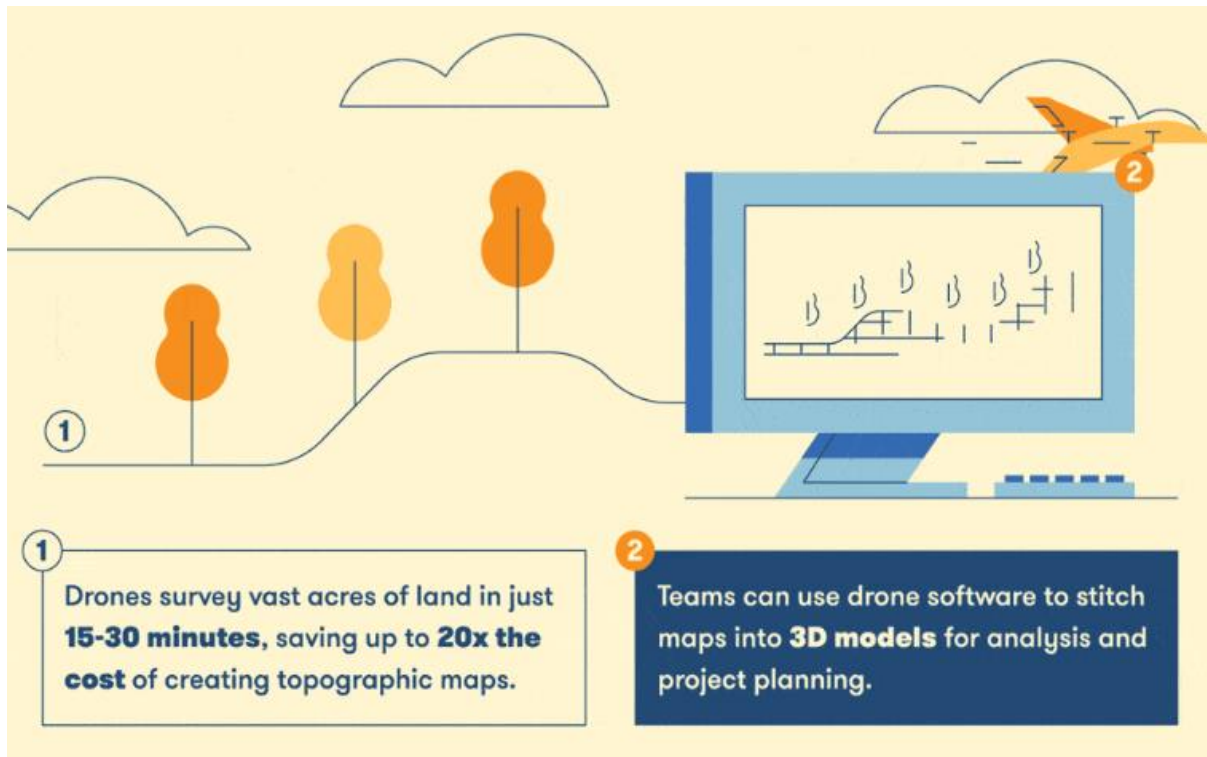

As the industry grows and construction projects become more complex, the use of drones in construction will continue to skyrocket. Read on to learn more about how these futuristic devices are transforming the industry.

## How Are Drones Used in Construction?

With their real-time data recording and unique aerial advantage, drones can improve efficiency, cut costs and streamline workflow. Here are some of the ways drones are used in construction.

### 1. Topographic Mapping and Land Surveys

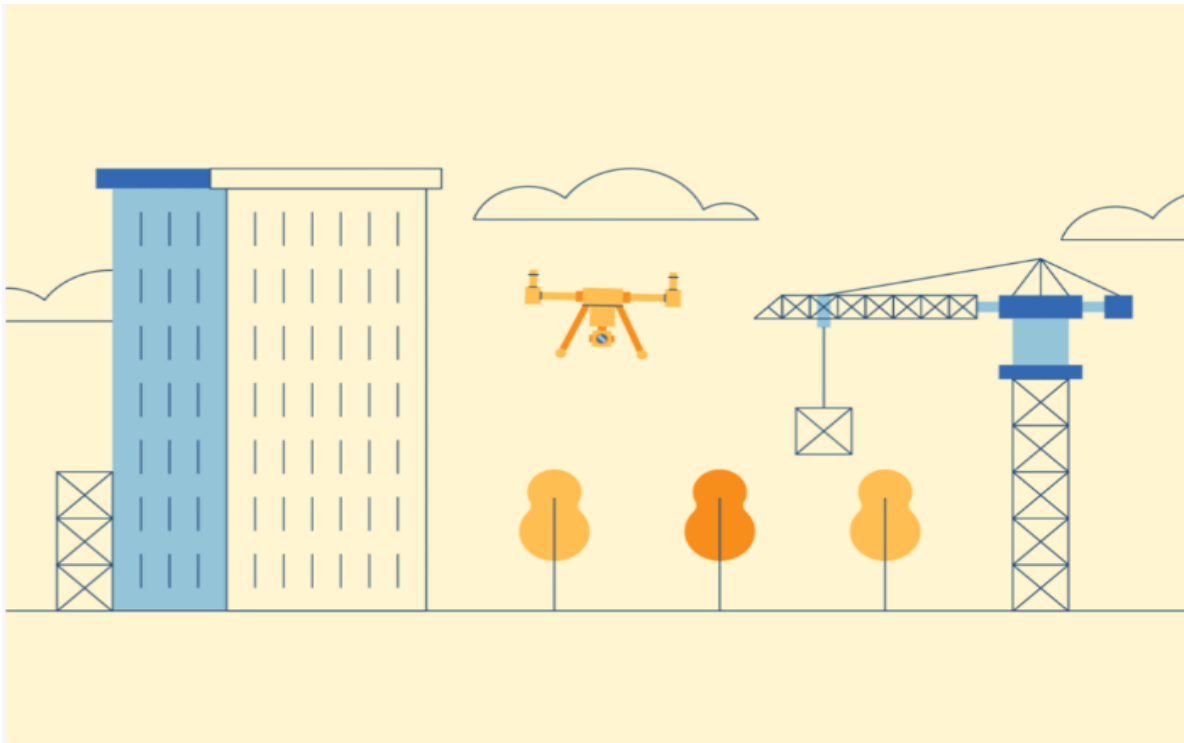

Consulting topographic maps is essential when planning complex, large-scale construction projects. They can reveal costly blunders in designs ill-suited for certain terrain. Although topographic maps are helpful, they are expensive and take a lot of time to produce. Because of this, maps are not always updated during the start of a job.

Due to their ability to map vast quantities of land, drones can exponentially cut down on time spent visualizing a site's topography. This helps to keep the project on schedule and on budget and ensures accuracy before the project is initiated. Gathering this information can help determine feasibility and assist with design.

Furthermore, the high-resolution images produced by drones can be manipulated into 3D models, allowing the construction crew to pinpoint challenges during pre-construction and spot mistakes in the scope, saving time and money in the long run.

## **2. Equipment Tracking**

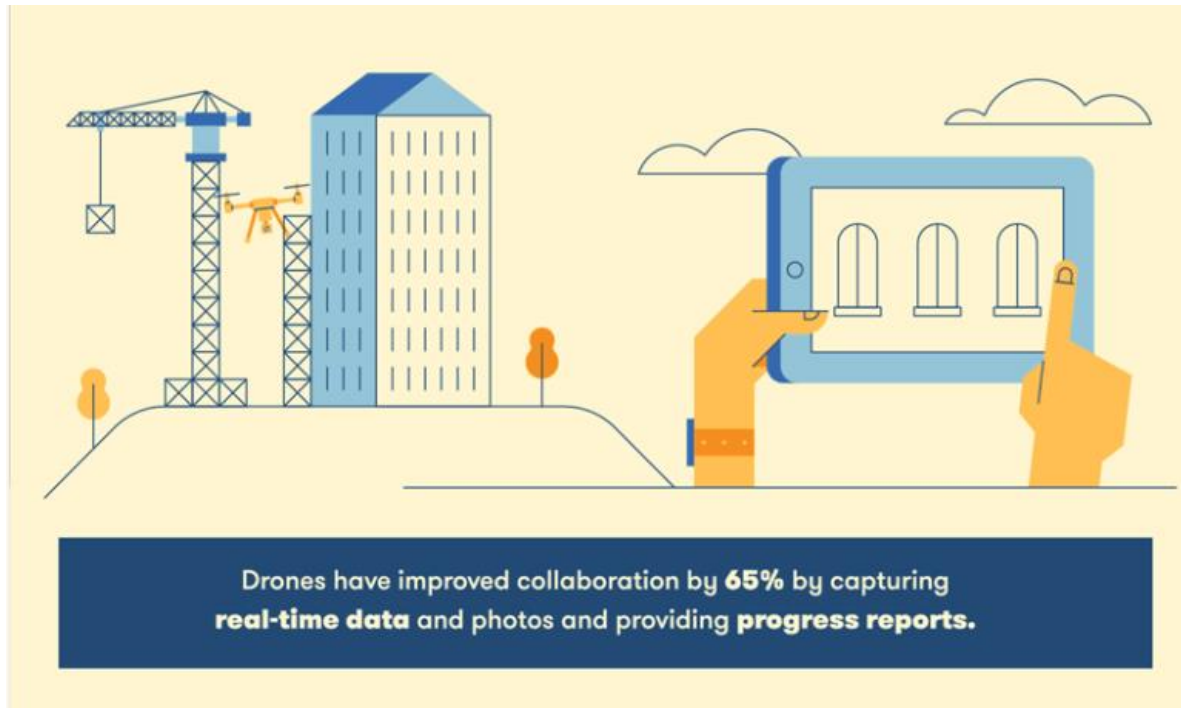

It's a problem nearly every project manager has faced — losing track of where equipment is located at each job site. There are usually a ton of lengthy spreadsheets involved that can quickly turn into an Excel nightmare (unless you have rental management technology).

With a drone, that same manager can do a flyover and quickly assess whether the equipment is where it needs to be. They can also quickly recognize if a piece of equipment that should be terminated is still on-site, preventing expensive accidental extension charges.

Equipment malfunctions are another common issue. Drones' recording functionality could be used to identify issues remotely and provide visual representations that aid in communicating those issues. Operators can easily

send recorded data to repair technicians at equipment rental companies for quicker and more accurate diagnostics before they even make it to the worksite.

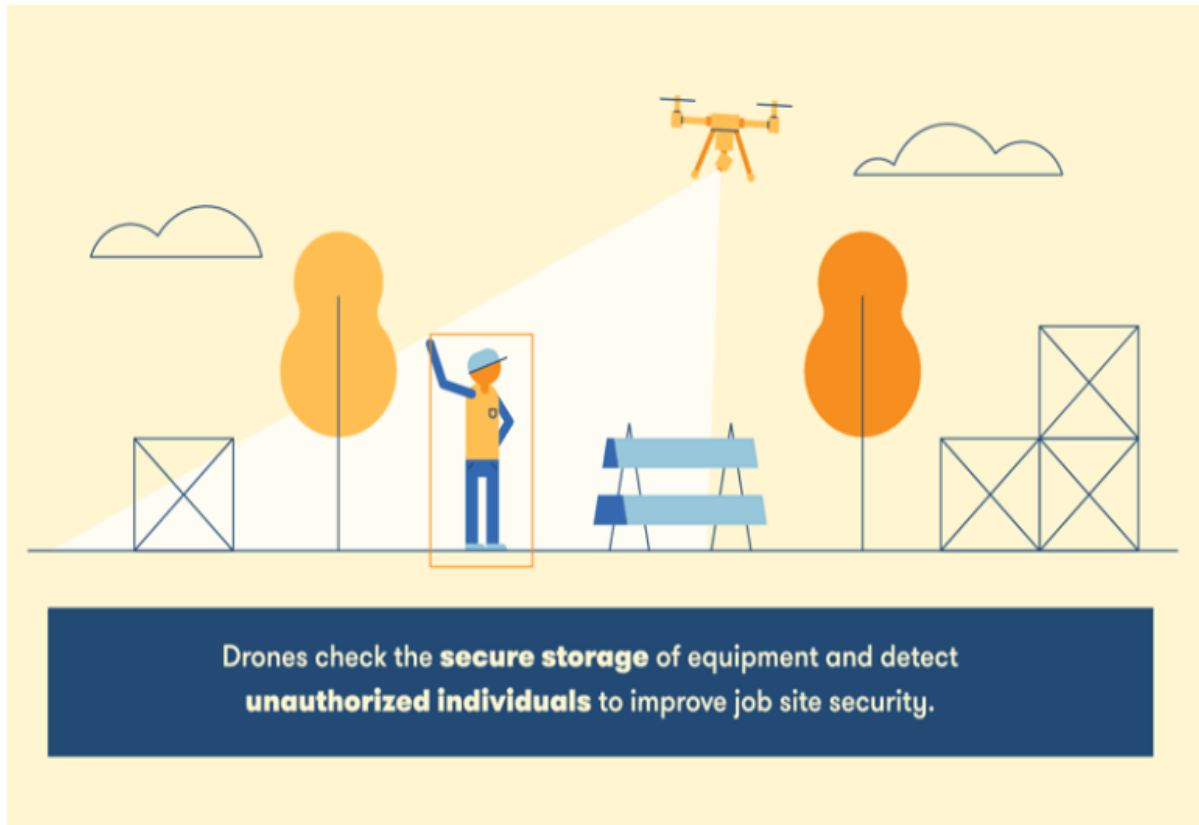

### **3. Remote Monitoring and Progress Reports**

Another valuable feature of construction drones is the visibility they can provide for clients. Drones can produce impressive aerial views and give clients a grasp of the project's progression, especially when they cannot be physically present on a site. This helps assure clients that their spend is being utilized efficiently.

In addition to client communications, drones can improve internal collaboration for teams by sending information to connected software during flyovers. Design teams, engineers, construction managers, workers and owners can access the data simultaneously, follow the project and catch any mistakes that may have occurred. Drones can also create a valuable trail of documents that teams can access later.

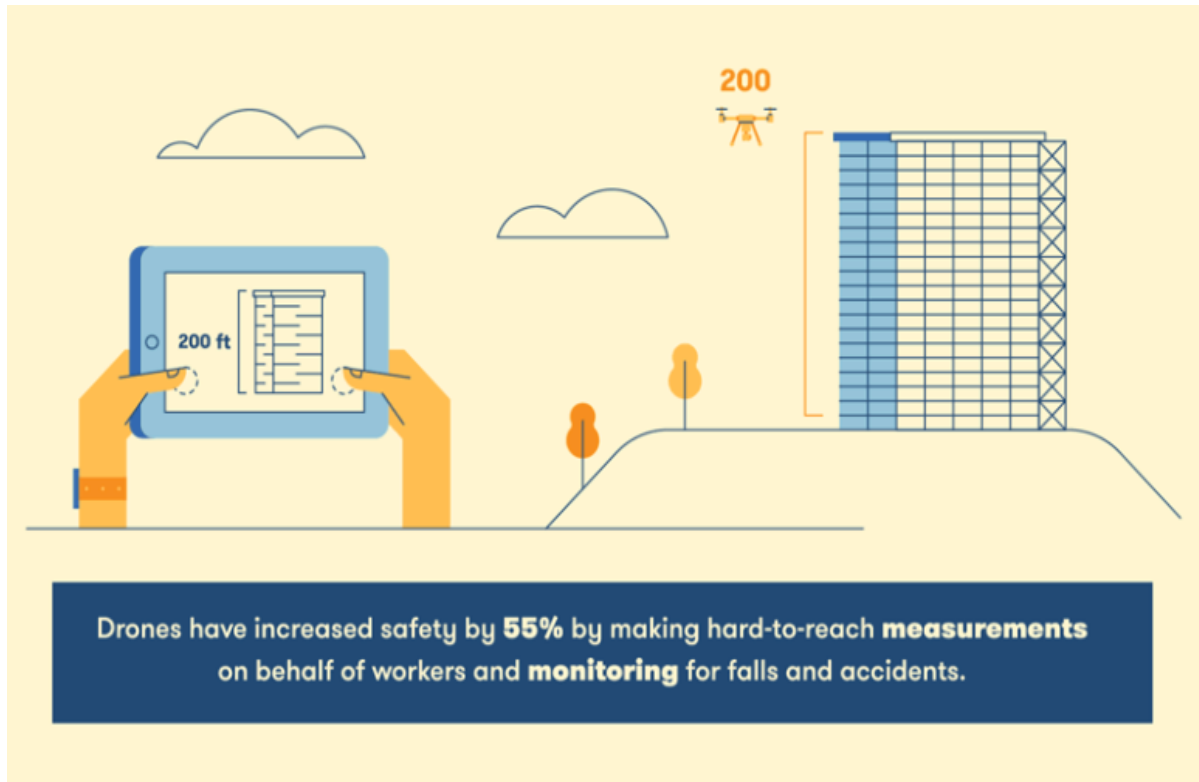

#### 4. Security Surveillance

If you've ever had a piece of equipment stolen from a site, you know how devastating it can be. Having a boom lift or excavator stolen can leave you out tens or hundreds of thousands of dollars. According to the National Equipment Register, over \$300 million worth of construction equipment is stolen from job sites every year, with less than 25% of it recovered. Equipment security is thus a very important component of managing a job.

A drone operator can conduct a flyover to quickly see if a piece of equipment is in a secure enough location. They can also use the surveillance camera to see if unauthorized individuals are on the site. This can help prevent damage or theft and identify any trespassers.

## 5. Personnel Safety

Drones have increased safety by **55%** by making hard-to-reach **measurements** on behalf of workers and **monitoring** for falls and accidents.

Worker safety is one of the top priorities of most construction companies. Falls in particular account for 34% of worker fatalities. Workers often have to climb to unsteady platforms and navigate around hazardous conditions when taking manual measurements. Drones can replace workers in these situations and mitigate the risk construction workers face on the field.

Construction managers can also use drone video cameras to monitor the job site for safety concerns, ensuring workers are properly balanced and that no structures or equipment are loose or unstable.

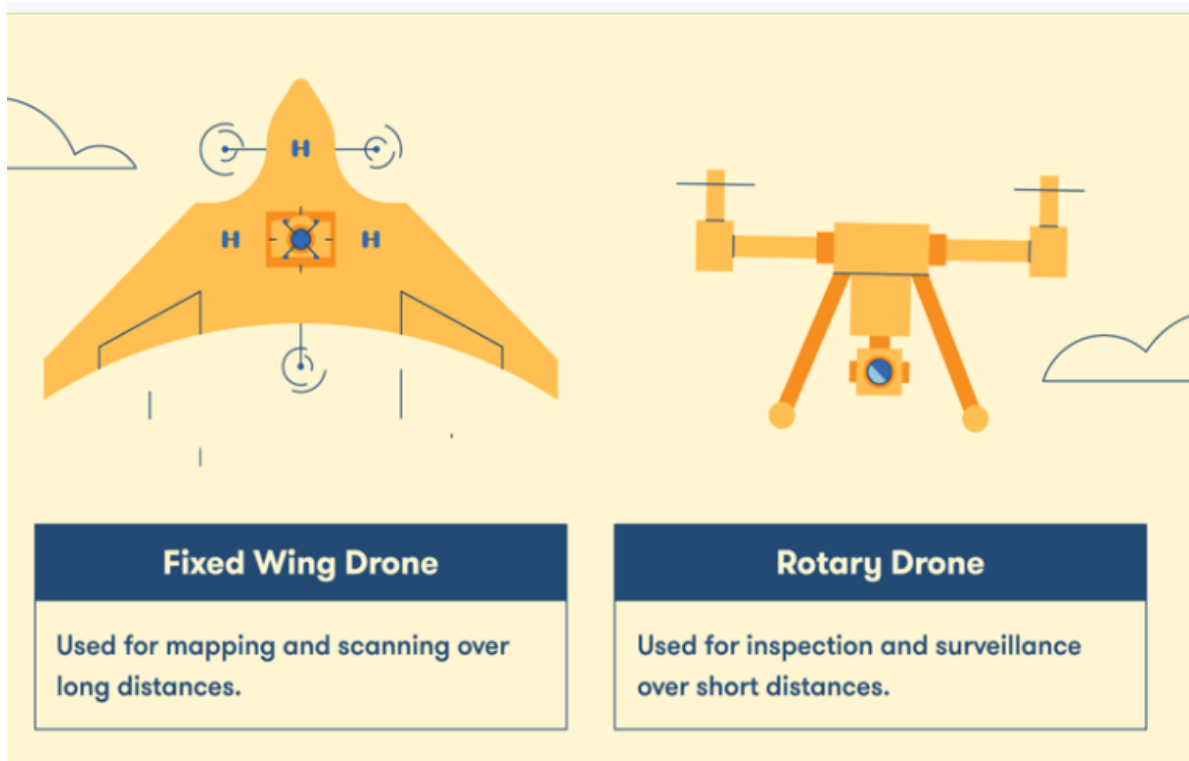

## 6. Structure Inspection and Photography

Replacing heavy machinery and bulky scaffolding, drones can provide a crucial inspection. They can be flown around structures to check stability and fine details, and take high-resolution imagery for analysis. Thermal sensors can detect heat leaks, cold spots, and any electrical issues. This level of quality assurance helps with client relationships in the long run.

Drones can also be used for planned maintenance of larger-scale structures like bridges, towers, roofs, and scaffolding. A task that would take an entire team of surveyors to do would only take a few hours with a drone operator.

## Types of Construction Drones

While there are many types of drones, commercial drones are the standard used in construction. Some models are fixed-wing, while other models have rotating blades. The main differences between them are their design and usage.

### **1. Fixed-wing Drone**

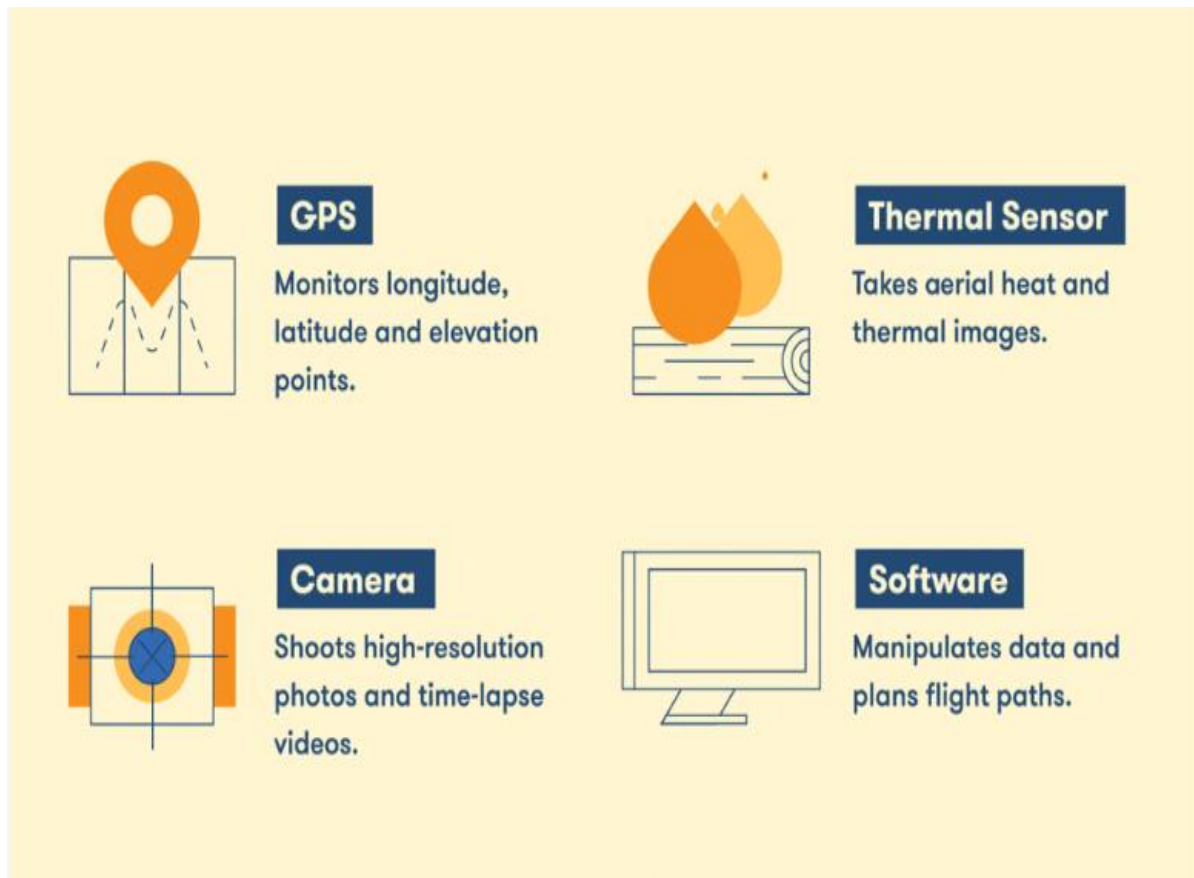

With their airplane-like design, fixed-wing drones can glide along a set path and reach higher altitudes than other types of drones. This makes them efficient for pre-construction processes like mapping topography and surveying large areas. However, they are only able to fly forward, so they don't work well in areas with a lot of obstacles or tight spaces.

### **2. Rotary Drone**

Rotary drones have a rotor design that allows them to hover in place and remain stable, making them easier to control than fixed-wing drones. These drones are a good option for aerial inspections, structural scans, photography, and surveillance over short distances.

## Key Features:

Drones are equipped with multiple features to help capture key data on building sites, including cameras, GPS units, thermal sensors, and infrared sensors. The information they collect can be sent to a computer via drone software, allowing users to analyse, interpret and organize collected data. These features improve efficiency in project management and allow for more thorough inspections.

While drones in construction aren't new, construction companies are adopting them at a faster rate than ever before. Whether they are being used to conduct land surveys or to keep track of equipment, drones have proved invaluable to the field.

Drones also have direct benefits to the construction lifecycle. Their capabilities allow them to cut costs, time, risk, and labour, all while improving workflow, accuracy, communication, and efficiency. All these lead to more confidence and certainty when working on a construction project.

While the impact of drones in the construction industry is developing, they are already revolutionizing the sector and changing the way construction projects are handled. As long as the technology is able to pass federal aviation and zoning hurdles, it is safe to say that the commercial drone is here to stay. For more information, see the infographic below.

### **The Future of Construction Drones**

While drones in construction aren't new, construction companies are adopting them faster than ever before. Whether they are being used to conduct land surveys or to keep track of equipment, drones are proving invaluable to the field.

As technology advances, drones will be able to take on more construction tasks than ever before. In 2020, Kaizen Aerial Solutions introduced their new xFold industrial drone capable of lifting up to 1,000 pounds. This drone can transport construction materials and other heavy loads on worksites thanks to its high lifting capacity. It also comes with optional attachments like 3D mapping sensors, robotic arms, and fire-extinguishing ball droppers.

Drone technology is advancing in other areas as well. In the future, drones will likely be able to direct and guide autonomous vehicles. Amazon and other manufacturers have tested systems that pair drones with self-driving cars and delivery trucks, and similar technology could aid in transporting building materials and directing construction vehicles.

Drones' current capabilities allow them to cut costs, time, risk, and labour while improving workflow, accuracy, communication, and efficiency. If these technologies are implemented on a large scale in the future, they will only further streamline the construction life cycle.

While the impact of drones in the construction industry is still developing, they are already revolutionizing the sector and changing the way construction projects are handled. As long as the technology is able to pass federal aviation and zoning hurdles, it's safe to say that the commercial drone is here to stay. For more information, see the infographic below.

10	ARTIFICIAL CORUNDUM 28181000	0.19	625,000	KG	9

**Source: Information & e Government Authority, Kingdom of Bahrain**

**e) Potential item of imports from India**

<b>S No</b>	<b>Commodity (6 Digit HS code)</b>	<b>Rationale (Max 200 words)</b>
1	Engineering Goods & Projects Exports (401180)	- In view of upcoming Infrastructure, and Energy projects including renewable Energy in Bahrain, there is a considerable scope to increase Engineering goods & project exports. There is export target of USD 350 million for engineering goods in which we have already exported products worth USD 308.92 million till February 2023. Mission has commissioned a market study on

		engineering goods to understand and to identify the opportunities to increase export of engineering goods to Bahrain to realize target set for 2022-23.
2	Jewellery of gold (71131910)	- Bahrain is famous for its lustrous original pearl and the purity of gold, as these commodities are in great demand in Bahrain. There is a target of USD 70.63 million for export of Gem & jewellery in which we have already exported products worth USD 78.96 million till February 2023.
3	- Pharmaceuticals (300220) - Medical And Surgical Instruments (902214)	- India's share in Bahrain's pharma market has remained less than 2% of its import. Patented medicines and foreign drug companies dominate the Bahraini pharmaceutical market. However, the generic drug sector is expected to grow as the government is looking to raise health awareness and control costs. This provides Indian pharma companies opportunity to make inroads in Bahraini market. The Indian Pharmacopoeia (IP) recognition, taken up by the Mission, in Bahrain will also help in boosting the pharma exports and in supporting the 'Atmanirbhar Bharat' initiative.
4	Agro products (070960)	- There is considerable scope to increase export of organic food, processed cereals, protein bars, healthy beverages, dairy products etc.
5	Renewable Energy (850231) (854370)	- Bahrain has set target of net zero carbon emission by 2060 and has accordingly revised the renewable energy target to 20% by 2035. Hence, there is scope to increase

		our export of renewable energy products & services.
6	Rmg of all Textile Items (600320)	- There is a target of USD 16 million for export of Readymade garments textile in which we have already exported products worth USD 17.24 million till February 2023.

## B. Qualitative

0	2	2	0	2	3
---	---	---	---	---	---

### ● Month : Alerts on customs tariff changes:

b. Information on tender Notice for projects and procurements of Interest to Indian Project exporters/ suppliers (USD15 million & above)

**Tender notifications are available on: (<http://www.tenderboard.gov.bh>)**

c. Trade Queries for Import / Export (Annexure attached)

No.	Enquiry originator	Products	Nature (Import/Export)	Action Taken (Max.200 words)
1	Indian Companies	Mixed	Export	The Mission has received 88 trade queries from India during February 2023. All the queries have been replied. The queries were mainly on food, ceramic & tiles, spices etc.

4. Important India related statements of commercial significance by political leader, think tanks, chambers, associations etc. Significant stories/features on India related trade, Investment, services and logistic sector, publications in foreign journals/details etc.

**BNA 04.02.2023 India raises taxes on fuel exports and crude oil production:** The Indian government approved an increase in the tax on exporting air turbine fuel by 71.4% to 6 rupees (7 cents) per liter. The tax on diesel exports was also raised by 50%, to reach 7.5 rupees per liter, the highest level since the first half of last December.

**Gulf Daily News 05.02.2023 Markets stable says Indian watchdog:** INDIA'S market regulator moved to calm investor concerns yesterday, saying that its financial markets remain stable and continue to function in a transparent and efficient manner, despite recent dramatic stock falls in Adani Group companies.

**BNA 05.02.2023 India hosts an international meeting to discuss renewable energy and fossil fuels:** India hosts an international meeting to discuss renewable energy and fossil fuels. Representatives of more than 500 major companies in the energy industry and 30,000 delegates will participate in the meeting, as part of the Energy Week activities in India, which plans to completely transform the agricultural sector's dependence on renewable energy in place of

diesel fuel by the beginning of 2024, and has also pledged to achieve carbon neutrality by 2070.

**Gulf Daily News 15.02.2023 Investcorp invests in India's InsuranceDekho:** PRIVATE equity funds managed by Investcorp have invested in InsuranceDekho, a leading insurtech platform in India. The Bahrain-based alternative investment firm said the investment is part of a consortium financing \$150 million of growth capital in InsuranceDekho to support the growth of the company's network, as well as the continuous development of its technology platform and brand.

**Gulf Daily News 16.02.2023 India property show to highlight investment opportunities:** THE 11th edition of the 'India Property Exhibition' will give non-resident Indians (NRIs) in Bahrain a glimpse of their dream homes in India. The two-day flagship property exhibition, hosted by Adsync Advertising – Dubai in association with National Real Estate Development Council, supported by Let's Go Bahrain, Dadabhai Travels and banking partner ICICI Bank, will be held at the Crowne Plaza Manama – Bahrain tomorrow and Saturday, from 10am to 8pm.

**The Daily Tribune 18.02.2023 BCICAI holds seminar on 2023 Indian budget:** The Bahrain Chapter of the Institute of Chartered Accountants of India (BCICAI) recently organized a seminar on the 2023 Indian budget. The event highlighted the latest amendments and announcements for Non-Resident Indian taxpayers and overseas investors.

**The Daily Tribune/BNA/Al Watan 20.02.2023 Minister of Education receives the Ambassador of the Republic of India:** Minister of Education, Dr Mohammed bin Mubarak Juma'a, the Board Chairman of the Higher Education Council, received yesterday Indian Ambassador to the Kingdom of Bahrain, Piyush Srivastava, and discussed with him cooperation between the two friendly countries in the educational field.

**The Daily Tribune/Akhbar Al Khaleej 26.02.2023 Germany's Scholz in India to press on EU trade deal:** German Chancellor Olaf Scholz visited India yesterday seeking to deepen business and defence ties between the two major economies and jumpstart progress on an EU trade deal despite differences over Ukraine.

5. Details of trade research, information dissemination activity of the commercial wing
