Notice of Request for Proposals

Request for Proposals

Works

(Design and Build)

(Single stage two envelope process without Initial Selection)

Employer: Dhaka Water Supply and Sewerage Authority

Project: Dhaka Sanitation Improvement Project (DSIP)

Contract title: Design and Build (DB) Contract for Reconstruction/New Construction/ Rehabilitation of Sewerage Networks for Zone – E1A+E1B (Rampura, Taltola, Bashaboo, Golapbag, Ahmedbag, Saidabad etc.) (Package No.: WD6A).

Country: Bangladesh

IDA Credit No.: 6566-BD; **AIIB Loan No.:** L0240A

RFP No: WD6A

Issued on: 07 December 2022

1. The Government of the People's Republic of Bangladesh has received financing from the World Bank toward the cost of the Dhaka Sanitation Improvement Project (DSIP), and intends to apply part of the proceeds toward payments under the contract for Design and Build (DB) Contract for Reconstruction / New Construction / Rehabilitation of Sewerage Networks for Zone – E1A+E1B (Rampura, Taltola, Bashaboo, Golapbag, Ahmedbag, Saidabad etc) (Package No.: WD6A). This contract will be jointly financed by Asian Infrastructure Investment Bank. Procurement process will be governed by the World Bank's Procurement Regulations.

2. Dhaka Water Supply and Sewerage Authority now invites sealed Proposals from eligible Proposers for the said package (Package No.: WD6A). The interested Proposers may visit DWASA website (www.dwasa.org.bd) to get more information.
3. The procurement will be conducted through international competitive procurement using Request for Proposals (RFP) as specified in the World Bank's "Procurement Regulations for IPF Borrowers" July, 2016, Revised November 2017 and August 2018 ("Procurement Regulations"), and is open to all eligible Proposers as defined in the Procurement Regulations.
4. Interested eligible Proposers may obtain further information from Dhaka Water Supply and Sewerage Authority (DWASA) at the address mentioned below during office hours from 1000 to 1600 hours (GMT+6) between Sunday and Thursday. A read-only copy of the RFP documents will also be uploaded in DWASA's website: www.dwasa.org.bd.
5. A complete set of the RFP Document comprising 04 (four) volumes i.e., Volume 1: Part 1 & Part 3; Volume 2: Employer's Requirement; Volume 3: Conceptual Drawing; Volume 4: Supplementary Information in English may be purchased by eligible Proposers upon the submission of a written application to the address below which may be sent through email from the Proposer's official e-mail address to the Employer's email address specified below along with a copy of documentary evidence confirming electronic wire transfer or cash deposit payment of a nonrefundable fee of BDT 15,000.00 (Bangladesh Taka Fifteen Thousand) or USD 150.00 (United States Dollars One Hundred and Fifty) **(the Bank Transaction Reference Number should be explicitly mentioned)**. The method of payment will be electronic wire transfer or cash deposit to the Employer's bank account specified below. **Please clearly mention "Regarding purchase of RFP Documents for Reconstruction / New Construction / Rehabilitation of Sewerage Networks for Zone E1A+E1B (Package Number: WD6A)" in the email's subject line.** Within 3 (three) working days of receipt of the payment in the Employer's bank account, the Employer shall issue the Hard Copy of the RFP which the Proposers are advised to collect from the office of the undersigned. The soft copy of the same will also be sent through reply email. In case of discrepancy between hard and soft copy, the hard copy shall prevail.
6. A single-stage, two envelopes RFP process will be used, and the Proposal will consist of (i) the Technical Part, without any reference to prices; and (ii) the Financial Part, as detailed in the RFP Document. The Technical and Financial Parts of the Proposals shall be submitted simultaneously in two separate sealed envelopes.
7. The Proposal, both the Technical Part and the Financial Part, in hard copy must be delivered to the address below on or before **1400 hours (GMT+6) of 28 February 2023**. In addition, a soft copy of the Technical part of the Proposal shall also be submitted. Electronic Procurement will not be permitted. Late Proposals will be

rejected. The Technical Part of the Proposals will be publicly opened in the presence of the Proposers' designated representatives and anyone who chooses to attend at the address below on **1445 hours (GMT+6) of 28 February 2023**. The Technical Part opening meeting will also be connected virtually through live video conference, for which the electronic connection link will be sent by the Employer at least two (2) calendar days before the Technical Part opening through email to all the Proposers who purchased the RFP Document and who may choose to attend through video conference. The Financial Part shall remain unopened and will be held in safe custody of the Employer until the second public opening of the Financial Part, following the evaluation of the Technical Part of the Proposals.

8. All Proposals must be accompanied by a Proposal Security of USD 300,000 (US Dollar Three Hundred Thousand) or equivalent in any freely convertible currency in favor of Dhaka Water Supply and Sewerage Authority.
9. All Proposals must be accompanied by a Sexual Exploitation and Abuse (SEA) and/or Sexual Harassment (SH) Declaration.

Reconstruction of Bridges at 3 Drain Outlets

Project ID No.: 49417

Project Name: Kitchener Drain De-pollution - Drain Rehabilitation

Country: Egypt

Funding Agency: EBRD

Last date for submission: 26/02/2023

Project Details:

INVITATION FOR TENDERS SINGLE

1. Funding Details

the above named client intends to use part of the proceeds of a loan from/grant administered by the European Bank for Reconstruction and Development (the Bank) towards the cost of the above named contract(s).

Additional financing information:

European Union Neighborhood Investment Platform (EU NIP) EUR 7,000,000 for complementary funding the implementation contracts by 10%

NIF Investment Grant for Technical Assistance by individual consultants for technical assistance and capacity building EUR 5,000,000

Local Fund from the G.O.E about EUR 8,000,000 for covering taxes and duties

2. Information on the Procurement Exercise

Contracts will be subject to the Bank's Procurement Policies and Rules and are open for participation for firms from any country, unless otherwise specified in the procurement documents.

The type of contract and the procurement method is stated above. A full description of the procurement exercise is available within the documentation and is available free of charge in ECEPP.

The documentation will include such information as: detailed technical and financial requirements; any information on lots; the expected outcome; eligibility and qualification requirements; contract start date; planned contract duration; any response requirements; any other relevant information.

This procurement exercise will be conducted using the EBRD Client E-Procurement Portal (ECEPP). Prospective participants can access the procurement exercise by clicking on the below link or on the

'Access Opportunity' button (if viewing this notice on ECEPP). Registered participants may log in and access the documentation immediately and unregistered participants may do so after completing a brief registration:

<https://ecepp.ebrd.com/respond/HR57ASA2R2>

3. Other Information

The purpose of this Tender is to select a contractor to carry out the reconstruction of bridges at the following drains outlet: Umm Tahoun, Arbaeen, and Al Suyah public drain and implementation of a trash rack and aquatic weed barrier system (Netaq) at 0.3 km on the Hafir Shehabuddin drain. The estimated time for implementing the works is 15 months.

4. Client Address

The client's address is for information only. To register interest, access the documentation using the available links. Participants must use the ECEPP message centre for communication with the client.

Construction works contract for the Adel Begrou City Hall

Project ID No.: P169332

Project Name: Decentralization and Productive Intermediate Cities Support Project

Country: Mauritania

Funding Agency: World Bank

Last date for submission: 31/01/2023

Project Details:

COUNTRY: Mauritania

PROJECT NAME: Support Project for Decentralization and Development of Productive Intermediate Cities-MOUDOUN

Contract: Adel Begrou City Hall Construction Project

Grant: IDA Grant No. IDA 5750-MR

Reference No: DAO No. 15/CPMP/MOUDOUN/2022

The Government of the Islamic Republic of Mauritania has received funding from the World Bank to finance the Support Project for the Decentralization and Development of Productive Intermediate Cities-MOUDOUN, and intends to use part of this grant to carry out payments under the construction works contract for the Adel Begrou City Hall. For this contract, the Borrower will make payments using the disbursement method as defined in the World Bank Disbursement Guidelines for the financing of investment projects.

This call for tenders is launched on the MOUDOUN procurement platform (eprocurement.moudoun.mr) to which access is free and easy.

The MOUDOUN Project, acting on behalf of the Municipality of Adel Begrou, Project Owner is soliciting closed offers from eligible bidders who meet the qualifications required to carry out the construction works of the Adel Begrou Town Hall

The period of execution of the works is 6 months.

The procedure will be conducted by competitive bidding using a Call for Tenders (AO) as defined in the "Regulations for Procurement in the context of the financing of investment projects by the World Bank, edition of July 1, 2016, revised in November 2017 and August 2018. ("the Procurement Regulations"), and open to all bidders as defined in the Procurement Regulations. The invitation to tender can be downloaded free of charge on the platform by any visitor. Tenders must be transmitted through the platform in PDF format. To download the tender dossier and submit a bid, the bidder must register for free to have an account on the platform. He will thus be able to follow through this account the evolution of the file and the publications relating thereto.

Scanned copies of tender documents will be treated as if they are originals, however original documents may be requested as part of the evaluation process and may be verified by the project prior to signing the contract.

The submission of tenders through the platform is possible from the publication of the notice until the deadline for submission of tenders. After the deadline, the submission of offers on the platform is no longer possible. Between the submission of the tender and the deadline for submission of tenders, the tender does not have access to his tender; however, he has the possibility of submitting a replacement tender before the deadline for submission of tenders. Access to tenders is secure and the design of the platform does not allow the opening of tenders submitted before the deadline for submission of tenders nor their viewing (including by the tender himself), but, in addition, it is strongly recommended that bidders encrypt their bids with a password to be transmitted by the deadline for submission of bids to the address indicated in the DAO (procurement@moudoun.mr).

Interested and eligible Bidders can obtain information from the MOUDOUN Project Coordination Unit by sending their requests for clarification directly through the platform. Requests for clarification must be received no later than fourteen (14) days before the deadline for submission of tenders. Responses to requests for clarification will be posted on the platform and can be viewed by any visitor.

A bidder whose bid has not been accepted will also be able to request a debriefing directly through the platform.

An email, confirming the receipt of documents on the platform (offers, requests for clarification, requests for debriefing, etc.) or informing the tenderer of the publication of documents on the

platform (opening of tenders, publication of opening minutes, Notification of intention to award, award, etc. will be automatically transmitted by the system to any bidder who will thus be able to follow the progress of the process through their account.

To bid for this call for tenders, any bidder must make a payment to the public treasury of a non-refundable amount of three thousand ouguiyas (3,000 MRU). A copy of the treasury receipt must be attached to the offer.

Tenders must be accompanied by a declaration of guarantee of the tender in conformity (under penalty of rejection of the tender) to the model presented in section IV (submission forms).

The qualification requirements are:

Have an annual turnover

Re-habilitation of Imbresso Road (8.4Km)

Project ID No.: P173315

Project Name: Somalia Crisis Recovery Project

Country: Somalia

Funding Agency: World Bank

Last date for submission: 07/02/2023

Project Details:

Request for Bids

(One-Envelope Bidding Process)

Country: Federal Republic of Somalia

Name of Project: Somalia Crisis Recovery Project (SCRIP)

Contract Title: Re-habilitation of Imbresso Road (8.4Km) in Barawe, South West State

Grant No.: IDA-D6300

RFB Reference No.: SO-MOF-328327-CW-RFB

Date RFB Issued: February 7, 2023, at 11:00 AM (East Africa Time)

1. The **Federal Government of Somalia** has received financing from the World Bank toward the cost of the **Somalia Crisis Recovery Project (SCRCP)**, and intends to apply part of the proceeds toward payments under the contract for the **rehabilitation of Imbresso Road (8.4Km) in Barawe, South West State**. For this contract, the Borrower shall process the payments using the Direct Payment disbursement method, as defined in the World Bank's Disbursement Guidelines for Investment Project Financing.

2. The Ministry of Finance, Federal Government of Somalia now invites sealed Bids from eligible Bidders for the rehabilitation of 8.4 Km Road of 6m wide carriageway, 1m shoulder and side drains in Hudur town. The scope of the works includes;

- Construction of diversions and allowing for passage of traffic
- Site clearance and topsoil stripping
- Earthworks (approx. 55,000 m3)
- Construction of Doweled Plain Concrete (2.8km)
- Construction of Gravel Base Course and Wearing course (5.6 km)
- Construction of Gravel Subbase
- Construction of 1No. Box Culvert (1.5mx2.0m) at Km 6+210
- Pipe culverts (approx. 516m)
- Road furniture.

The construction period will be eight (18) months and a Defects Liability Period of Twelve (12) months.

3. Bidding will be conducted through open national competitive procurement using a Request for Bids (RFB) as specified in the World Bank's "Procurement Regulations for IPF Borrowers" dated **July 1st 2016** revised **November 2017, August 2018, and November 2020** ("Procurement Regulations"), and is open to all Bidders as defined in the Procurement Regulations.

4. Interested eligible Bidders may obtain further information from;

SCRCP COORDINATOR

Project Implementation Unit of the Federal Ministry of Finance

Email address: scrp@mof.gov.so **copy:** alihaji.scrp@gmail.com

5. The bidding document in English may be obtained free of charge by the interested eligible on the Somali Jobs website. The Bidding document consists of:

- Volume I: The Request for Bid (RFB) including the Bill of Quantity attached as Annex-A
- Volume II: Environmental and Social Management Plan (ESMP)

- Volume III: Drawings/ Design

6. A virtual pre-bid meeting shall be conducted by the Employer on **January 24, 2023, at 1:00 PM (East Africa Time)**.

7. Bids must be delivered to the address below on or before **February 7, 2023, at 11:00 AM East Africa Time)**

8. Electronic Bidding will be permitted. Bids must be encrypted using a password provided by the Bidder 1 hour before the bid submission deadline, Bids submitted after the closing date and time will be rejected.

9. Bidders will receive a Google Meet invitation or zoom to virtually attend the public opening bids immediately and Bids will be opened on **February 7, 2023, at 11:30 AM (East Africa Time)**.

10. All Bids must be accompanied by a BID-SECURING DECLARATION using the form included in Section IV, Bidding Forms

Consulting service for Development of Parking Strategy and Management Plan

Project ID No.: P174007

Project Name: Ulaanbaatar Sustainable Urban Transport Project

Country: Mongolia

Funding Agency: World Bank

Last date for submission: 20/01/2023

Project Details:

MONGOLIA

ULAANBAATAR SUSTAINABLE URBAN TRANSPORT PROJECT

Loan No.: 9257-MN

Assignment Title: Consulting service for Development of Parking Strategy and Management Plan.

Reference No.: STRA-C2

Mongolia through its Ministry of Finance has received financing from the International Bank for Reconstruction and Development to support the Ulaanbaatar Sustainable Urban Transport Project (USUTP), and intends to apply part of the proceeds for consulting services.

This consulting service (the “Services”) is to develop a Parking Strategy and Management Plan for Ulaanbaatar. The objectives of this assignment are to (i) analyze parking related legal, institutional, and technical situations in Ulaanbaatar by conducting a full diagnostic and an assessment; (ii) develop a Parking Management Plan, Parking Policy, and Parking Strategy; (iii) develop technical specifications of the Smart Parking Management System (SPMS) and equipment; (iv) develop Ulaanbaatar’s parking standards, guidelines and standard drawings; (v) prepare design drawings for parking infrastructure for selected USUTP Corridors and for other selected locations; and (vi) prepare bidding documents and assist in the bidding for the SPMS tender.

The anticipated date for commencement of the service is in the second quarter of 2023 and the tentative duration of the assignment is 6 months.

The detailed Terms of Reference (TOR) for the assignment can be found at:

<https://www.dropbox.com/s/upgzao7d89xt9wq/SPMS%20TOR.pdf?dl=0>

The Municipality of Ulaanbaatar invites eligible consulting firms (“Consultants”) to indicate their interest in providing the Services. Interested Consultants should provide information demonstrating that they have the required qualifications and relevant experience to perform the Services.

The short-listing criteria for interested firms are:

- At least 15 years of general experience;
- Significant experience in successfully undertaking parking study, developing parking policy, strategy, management plan, designing and implementing Smart Parking Management System at international level. Demonstrate successfully completed at least 3 similar assignments over the last **10** years (provide evidence documents for such similar assignments);
- Experience in preparing design drawings for parking infrastructure, technical specifications and procurement documents for parking management systems, developing parking standards, guidelines; and
- Organizational capability of the firm for the assignment.

If selected for contract award, the Consulting Firm shall provide a team comprising professional staff from diverse backgrounds related to the transport sector, to cover all the needed issues. If selected for contract award, the Consultant's team is expected to have a presence in Ulaanbaatar, working closely with counterparts of the Municipality of Ulaanbaatar and staff from other relevant agencies if required. Key Experts will not be evaluated at the short-listing stage.

The attention of interested Consultants is drawn to Section III, paragraphs, 3.14, 3.16, and 3.17 of the World Bank's "Procurement Regulations for IPF Borrowers" July 2016 (Revised in November 2017, August 2018 and November 2020) ("Procurement Regulations"), setting forth the World Bank's policy on conflict of interest.

Consultants may associate with other firms to enhance their qualifications, but should indicate clearly whether the association is in the form of a joint venture and/or a sub-consultancy. In the case of a joint venture, all the partners in the joint venture shall be jointly and severally liable for the entire contract, if selected.

A Consulting firm will be selected in accordance with the Quality and Cost-based Selection (QCBS) method set out in the Procurement Regulations.

Further information can be obtained at the address below during office hours from 09.00 to 17.00 (GMT+8).

Expressions of Interest in English must be delivered in a written form by e-mail to **procurement@usut.mn** by **January 20, 2023** at 17.00 (GMT+8).

The short listing criteria are:

- Experience in the consulting services on buildings for the last 10 years, Experi
- Experience in Experi

(a) Preparation of designs (at least with an area of 160.000 m2 under at most 2 contracts)

(b) Construction supervision services (at least with an area of 160.000 m2 under at most 2 contracts) for school buildings, hospitals, dormitories, gymnasiums, administrative buildings that have been constructed within the last 10 years including 2012 and forward,

- Technical and Administrative Staff capacity. Techni
- Experience in projects financed by international financing institutions (IFIs) and/or organizations. Experi
- Having no disputes with Ministry of National Education on the ongoing performing contracts. Having

In case of equality of scores, the total m2 in subparagraphs (a) and (b) of Article 2 of the short list selection criteria will be taken into consideration, and the firm with higher total area shall be placed in the higher rank in the ranking of firms

A consultant will be selected in accordance with Least Cost Selection (LCS) method as set out in the World Bank's Procurement Regulations for IPF Borrowers: Procurement in Investment Project Financing (Goods, Works, Non-Consulting and Consulting Services) (July 2016, Revised November 2017 and August 2018).

Consultants may associate with other firms in the form of a joint venture or a sub consultancy to enhance their qualifications. In case of a Joint Venture (JV), all members of the JV shall be evaluated jointly for the purpose of short listing and shall be jointly and severally liable for the assignment and shall sign the contract jointly in case of award is made to that JV group. Interested Consultants should clearly indicate the composition of their "association", role of lead partner, each partners and nominated sub-consultants (if any) in their application. Unclear expression of interests in terms of "in association with" and/or "in affiliation with" and etc. without indicating the status of the partnership and designation of the lead partner may not be considered for short listing. The full commercial names of all Consultants and their country of registration should be specified in the expression of interest.

The attention of interested Consultants is drawn to Section III, paragraphs 3.14- 3.17 of the World Bank Procurement Regulations for IPF Borrowers: setting forth the World Bank's policy on conflict of interest.

Interested consultants may obtain further information from MoNE through the e-mail address provided below, during office hour's from 10.00 am to 16.00 hours (Turkey time) until 72 hours prior to the due date and time for submission of the Expression of Interest. .

Expressions of interest (EOI) must be delivered to the address below by January 20, 2023 until 17:00 hours Turkey time. Expressions of interest may be delivered by hand or by post or by courier or to the below e-mail address by the deadline specified above. Late deliveries will not be accepted.

The Expression of Interest/s will be submitted in Turkish.

Design and Construction Supervision for proposed construction works at Soche and Nasawa

Project ID No.: P172627

Project Name: Skills for a Vibrant Economy Project

Country: Malawi

Funding Agency: World Bank

Last date for submission: 25/01/2023

Project Details:

Republic of Malawi

Ministry of Education

SKILLS FOR A VIBRANT ECONOMY (SAVE) PROJECT

REQUEST FOR EXPRESSIONS OF INTEREST

(CONSULTING SERVICES – FIRMS SELECTION)

Country: Malawi

Project: Skills for a Vibrant Economy (SAVE)

Loan No./Credit No./ Grant No.: IDA - 68910

Assignment Title: Design and Construction Supervision for proposed construction works at Soche and Nasawa Technical Colleges

Procurement ref. no.: MW-MOE-326272-CS-CQS

Date of Issue: 7th January 2023

The Government of Malawi through the Ministry of Education has received financing from the World Bank toward the cost of the Skills for A Vibrant Economy (SAVE) Project, and intends to apply part of the proceeds for consulting services.

The consulting services (“the Services”) include production of designs and subsequent construction supervision of building structures to be constructed at Soche and Nasawa technical colleges under the SAVE Project. Specifically, the Services entail first, preparation of architectural and engineering designs for the proposed structures including preparation of bills of quantities to be used in tender for construction. Second, the supervision of the construction process ensuring that the contractor abides by the detailed design specifications as well as Environmental and Social Management Plans (ESMP) in place for the specific construction site including reporting in accordance with MEPA and World Bank requirements.

The proposed construction works to be undertaken at the two technical colleges are as follows:

- (a) 2 storeys building and renovation of general fitting workshop at Soche Technical College, and
- (b) 100 bed girls’ hostel and poultry kraal with offices at Nasawa Technical College.

The detailed Terms of Reference (TORs) for each package of the assignment can be found at the following website: <https://www.education.gov.mw/> or can be obtained upon request at the address given below.

The SAVE Project now invites eligible consulting firms (“Consultants”) to indicate their interest in providing the Services. Interested Consultants should provide information demonstrating that they have the required qualifications and relevant experience to perform the Services.

The Consultants must have implemented previous assignments of similar nature or bigger with clearly indicated traceable work successfully completed. For the first phase (production of

architectural and engineering designs), the firm shall comprise at least the following four (4) key experts of relevant qualifications and experience: Team Leader (Project Architect), Structural/Civil Engineer, Quantity Surveyor and Social & Environmental Safeguards Specialist. For the second phase (construction supervision), the firm shall have at least the following five (5) key experts of relevant qualifications and experience: Team Leader (Project Architect), Supervising Engineer, Quantity Surveyor, Inspector/Clerk of Works, Social and Environmental Safeguards Specialist.

The attention of interested Consultants is drawn to Section III, paragraphs, 3.14, 3.16, and 3.17 of the World Bank's "Procurement Regulations for IPF Borrowers" dated November 2020 ("Procurement Regulations"), setting forth the World Bank's policy on conflict of interest.

A Consultant will be selected in accordance with the Consultant Qualification Selection (CQS) method set out in the Procurement Regulations.

Further information can be obtained at the address below during office hours from 07:30 to 16:30 hours, local time.

Expressions of interest must be delivered in written form to the address below preferably through email to the email address below or alternatively, in person by **25th January, 2023** before **16:00 hours**, local time.

Consulting services for construction of Infrastructure and Teaching facilities

Project ID No.: P166415

Project Name: Higher Education for Economic Transformation Project

Country: Tanzania

Funding Agency: World Bank

Last date for submission: 03/02/2023

Project Details:

**REQUEST FOR EXPRESSIONS OF INTEREST
(CONSULTING SERVICES – FIRMS SELECTION)**

Country: TANZANIA

Project: Higher Education for Economic Transformation Project [HEET]

Loan No.: P166415

Assignment Title: Provision of Consultancy Services for Design, Preparing Bidding Documents, Cost Estimates and Supervision of Construction of Lecture Theatres, University Research Animal Facilities, School of Medicine, Library, ICT Unit, Laboratory Facilities, and Hostels

Reference No. TZ-MUHAS-262009-CS-QCBS

This request for Expression of Interest follows the General Procurement Notice for this Project that appeared in United Nations Development Business (UNDB) Issue No. **WB-OP0015674** of **28.11.2021**.

The Government of United Republic of Tanzania through Muhimbili University of Health and Allied Sciences has received fund from the World Bank for implementation of Higher Education for Economic Transformation (HEET) Project, and intends to apply part of the proceeds for consulting services.

The consulting services (“the Services”) include to design, preparation of bid documents, cost estimates and supervision of construction of Infrastructure and Teaching facilities which are Lecture Theatres, School of Medicine Building, Library Building, Shared Research, Training and Innovations Laboratory Building, ICT Unit Building, Undergraduate Students Hostel Building, Postgraduate Student’s Apartments Building, Students and Staff Cafeterias, Sports and recreation grounds equipped with sporting facilities including students/staff with special needs and Staff apartments building in order to enhance an effort of having modern infrastructure and environmental friendly teaching and learning environment to students, members of staff and other stakeholders. The assignment is planned to be executed within maximum of forty-two (42) staff months from contract signing date.

The detailed Terms of reference (TOR) for the assignment are available in the following website www.taneps.go.tz and www.muhas.ac.tz or can be obtained at the address given below.

The Muhimbili University of Health and Allied Sciences (MUHAS) now invite eligible consulting firms (“Consultants”) to indicate their interest in providing the Services. Interested Consultants should provide information demonstrating that they have the required qualifications and relevant experience to perform the Services. The short listing criteria are:

1. Core business and at least ten (10) years in business

2. Relevant similar experience, which should specifically include the below;

- i) Experience of at least five (5) similar assignments in the past 10 years – all Information to be provided should include name of assignments, names and full contact addresses of the clients, contract value (in equivalent Tanzania Shilling) and period (dates) of execution of assignments.
- ii) Demonstration of experience of work in similar conditions.

3. Technical and Managerial Capability of the Firm

The Consultant must provide the structure of the organization, general qualifications and number of Key staffs. (Do not provide CV of the Key staff. Key Experts will not be evaluated at the short listing stage).

The attention of interested Consultants is drawn to Section III, paragraphs, 3.14, 3.16, and 3.17 of the World Bank's "Procurement Regulations for IPF Borrowers" July 2016 ("Procurement Regulations"), setting forth the World Bank's policy on conflict of interest.

A Consultant will be selected in accordance with the **Quality and Cost-Based Selection** method set out in the World Bank's "Procurement Regulations for IPF Borrowers" Fourth Edition November 2020 (Procurement Regulations).

Consultants may associate with other firms to enhance their qualifications, but should indicate clearly whether the association is in the form of a joint venture (JV) and/or a sub-consultancy. In the case of a joint venture, all the partners in the joint venture shall be jointly and severally liable for the entire contract, if selected. Therefore, each member of JV shall independently meet the requirements of the evaluation criteria. The experience, technical and managerial capability of the Sub-Consultant shall not be evaluated to enhance the qualification of the lead firm or JV.

Expressions of Interest (Eoi) must be submitted through Tanzania National Electronic Procurement System (TANePS) (www.taneps.go.tz) on or before **03rd February, 2023 at 1200 Hours East African Time**. The consultant will be required to register on the TANePS to be able to participate in this selection process. The client shall not be liable to any delays due to system failure beyond its control. Even though the system will attempt to notify the Consultants of any updates. The Client shall not be liable for any information not received by the consultant. It is the consultant responsibility to verify the website for the latest information related to this selection process. Expression of Interest will be opened promptly through TANePS. Tender not received through TANePS shall not be accepted for evaluation irrespective of the circumstances.

- The Request for Expression of Interest - REOI for this Package 2: Consulting Services for undertaking Environmental and Social Impact Assessment- ESIA for the Construction of Regional Land Offices in Five - 5 Selected Regions – **Iringa, Njombe, Mbeya, Rukwa and Songwe** is being advertised concurrently with REOIs for Package 1: Dodoma, Manyara, Arusha, Kilimanjaro, Tanga and National Archive Building located at Mtumba in Dodoma; Package 3: Morogoro, Coast, Lindi, Mtwara and Ruvuma; Package 4: Singida, Tabora, Shinyanga, Katavi and Kigoma; Package 5: Simiyu, Mara, Mwanza, Kagera and Geita and the assignments in the 5 packages will be executed simultaneously. Hence, for a firm shortlisted in two or more packages to be contracted for the multiple contracts; it must propose separate Key Experts for each package in both Technical and Financial Proposals.
- The detailed Terms of Reference - TOR for the assignment can be found at the following [https:// www.taneps.go.tz](https://www.taneps.go.tz). or can be obtained at the address given below.
- The Ministry of Lands, Housing and Human Settlements Development now invites eligible consulting Firms “Consultants” to express their interest in providing the above-mentioned services. Interested Consultants should provide information demonstrating that they have required qualifications and relevant experience to perform the Services. The shortlisting criteria are:
Core business and 10 years in business;

Relevance similar experience as specified below:

Experience of at least 2 similar assignments in the last 10 years in the field which shall include but not limited to experience in conducting Guidance Note studies. Information to be provided should include name of assignment, name and full contact address of the client, contract value in equivalent US dollars and period dates of execution of assignment and the role played in the assignment Lead or JV partner; and Demonstration of experience of work in similar conditions in developing countries.;

Technical and managerial capability of the firm - Provide only the structure of the organization, general qualifications, and number of key staff. Do not provide CV’S of staff since key experts will not be evaluated at the short listing stage.

1. The attention of interested Consultants is drawn to Section III, paragraphs, 3.14, 3.16, and 3.17 of the World Bank’s “Procurement Regulations for IPF Borrowers” Fourth Edition, dated November 2020 “Procurement Regulations”, setting forth the World Bank’s policy on conflict of interest.

2. Consultants may associate with other firms to enhance their qualifications but should indicate clearly whether the association is in the form of a joint venture and/or a sub-consultancy. In the case of a joint venture, all the partners in the joint venture shall be jointly and severally liable for the entire contract, if selected. Therefore, each member of JV shall independently meet the requirements of the evaluation criteria.
3. A Consultant will be selected in accordance with the **Consultant Qualification Selection (CQS) Method** set out in the Procurement Regulations.
4. Interested consultants may obtain further information at the address below during office hours from **08.00 to 15.30 hours** Local time Monday to Friday except public holidays.
5. Expressions of interest must be submitted through Tanzania National Electronic Procurement System - TANePs - www.taneps.go.tz on or before **7th February, 2023 at 11:00 Hours** East African Time. The Client shall not be held liable for any delays due to system failure beyond its control. Even though the system will attempt to notify the Consultants of any updates, the Client shall not be liable for any information not received by the bidder. It is the Consultants' responsibility to verify the website for the latest information related to this selection process. Expression of Interests will be opened promptly thereafter through **TANePs**.

Experience of at least 2 similar assignments in the last 10 years in the field which shall include but not limited to experience in conducting Guidance Note studies. Information to be provided should include name of assignment, name and full contact address of the client, contract value in equivalent US dollars and period dates of execution of assignment and the role played in the assignment Lead or JV partner;

And Demonstration of experience of work in similar conditions in developing countries.

Technical and managerial capability of the firm - Provide only the structure of the organization, general qualifications, and number of key staff. Do not provide CV’S of staff since key experts will not be evaluated at the short listing stage.
8. The attention of interested Consultants is drawn to Section III, paragraphs, 3.14, 3.16, and 3.17 of the World Bank’s “Procurement Regulations for IPF Borrowers” Fourth Edition, dated November 2020 “Procurement Regulations”, setting forth the World Bank’s policy on conflict of interest.

9. Consultants may associate with other firms to enhance their qualifications but should indicate clearly whether the association is in the form of a joint venture and/or a sub-consultancy. In the case of a joint venture, all the partners in the joint venture shall be jointly and severally liable for the entire contract, if selected. Therefore, each member of JV shall independently meet the requirements of the evaluation criteria.
10. A Consultant will be selected in accordance with the **Consultant Qualification Selection (CQS) Method** set out in the Procurement Regulations. Interested consultants may obtain further information at the address below during office hours from **08.00 to 15.30 hours** Local time Monday to Friday except public holidays.
11. Interested consultants may obtain further information at the address below during office hours from **08.00 to 15.30 hours** Local time Monday to Friday except public holidays.
12. Expressions of interest must be submitted through Tanzania National Electronic Procurement System - TANePs - www.taneps.go.tz - on or before **7th February, 2023 at 11:00 Hours** East African Time. The Client shall not be held liable for any delays due to system failure beyond its control. Even though the system will attempt to notify the Consultants of any updates, the Client shall not be liable for any information not received by the bidder. It is the Consultants' responsibility to verify the website for the latest information related to this selection process. Expression of Interests will be opened promptly thereafter through **TANePs**. The address referred above is:

10- Innovative construction materials used around the world

1. Cross Laminated Timber

CLT is a sustainable and resilient form of engineered wood which does not require burning of any fossil fuels during its construction. It is made by gluing layers of solid-sawn lumber together and layers lay perpendicular to each other making it more tensile and greater compressive strength. Originated in Europe, CLT is now worldly used, plays to be an excellent building material due to faster production, great quality and flexibility in design. The initial costs of the material are higher but when taken an account on the complete building costs, it saves up. Due to its natural-looking aesthetics and strength, designers and builders are now coming up with building CLT based skyscrapers. One of the eye-catching examples of CLT used in a building is:-

Project Information:

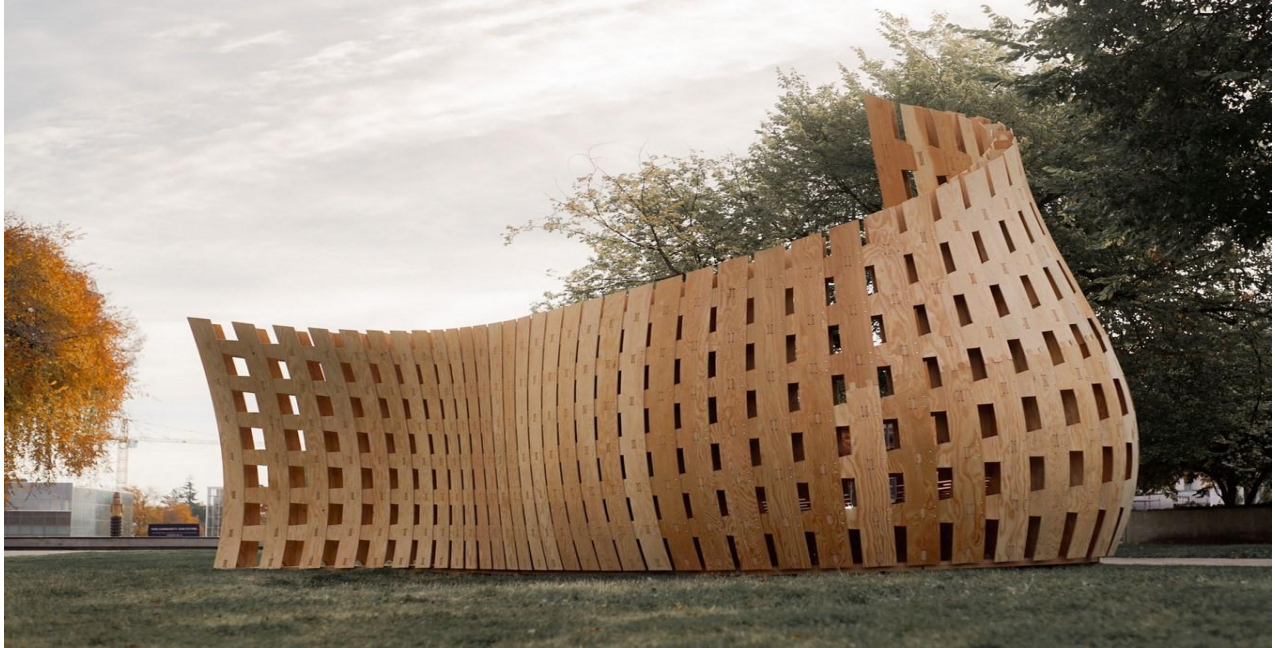

Name of the project: the Smile

Architect: Alison Brooks Architect

Location: London

Building Type: Pavilion

A 34-meter-long and 3-meter upside down which is doubly cantilevered – Straddled architecture, public art and pavilion at Chelsea College of Art Parade ground that showcases the potential use of CLT.

2. Rammed Earth

The rammed earth construction mainly based in Ghana is a locally available material used in a construction system in which earth is compressed into wooden boxes. The abundant clay is then placed in layers of 15cm height and compacted with tools to achieve the resiliency and durability. This material has been highly observed as an aesthetic material in Sub-Saharan continent along with its ecological and economic benefits in constructing housing for 1.7 million homes. Hive Earth has been working on this project in the rural areas of Ghana and one of the examples is as follows: –

Rammed Earth Wall; © Hive Earth

3. Pigmented Concrete

Concrete is an achromatic symbol of strength that triggers harsh and roughness with human feelings when exposed. However, when appropriate pigmented admixtures added to cement, gravel, sand and water can result in coloured concrete mixtures. Other than aesthetics, it adds a sense of perspective and contrast with surroundings while reducing the dependence on paints and sealants.

Project Information:

Name of the project: Casa Terra

Architect: BernardesArquitetura

Location: Itaipava, Brazil

Building Type: Residential

The reddish-brown texture of this house profoundly complements with the surrounding hills and the lush landscape. The walls are emulsified with pigmented concrete of iron oxide.

4. The Cabkoma Strand Rod

It is a thermoplastic carbon fiber composite used in the exteriors of the building solely for resiliency purpose and protecting the structures from earthquakes mainly in Japan. It is the lightest seismic reinforcement, delicate and hence extremely strong adding aesthetics to the structure.

Project Information:

Name of the project: Komatsu Seiren's Head Office

Architect: Kengo Kuma

Location: Japan

Building Type: Office

Easily transportable, sustainable and extremely strong building material creates tension and compression while supporting the structure. It transfers all the lateral loads hence protecting the building against any tremors. It is 5 times lighter than classic metal rods contributing to even a lighter structure.

5. Light Generating Cement

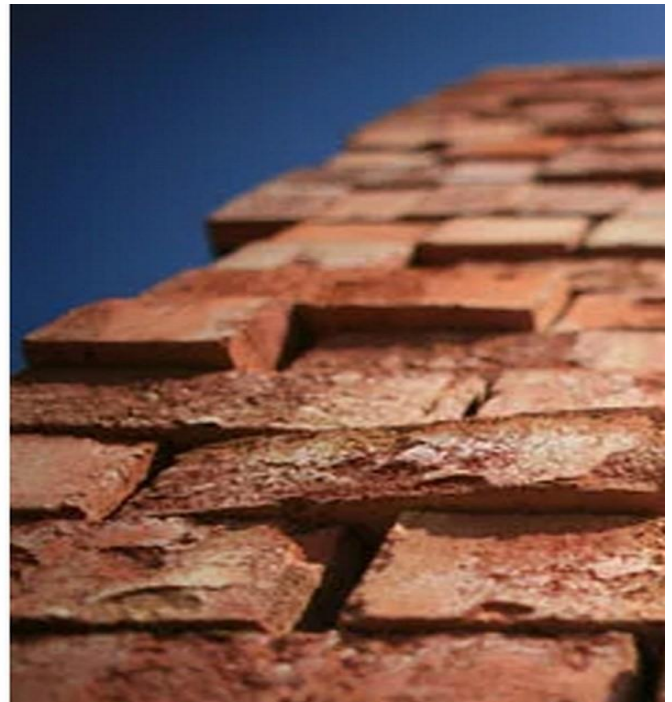

Innovation in building materials is an unceasing reality of our construction industry – largely dominated by invincible technology and knowledge. Our comforts and desire to achieve new heights continuously thrives us to explore deeper and further – new or existing. Innovation is not always about creating new technologies or materials but evolving what we already have, evolving the given and experimenting with it. In architecture, it could either be using waste materials artistically, using the basic construction materials in a more cultivated manner following the rule of sustainability or using them in a more designated or expressive way.

6. Cigarette Butt Bricks

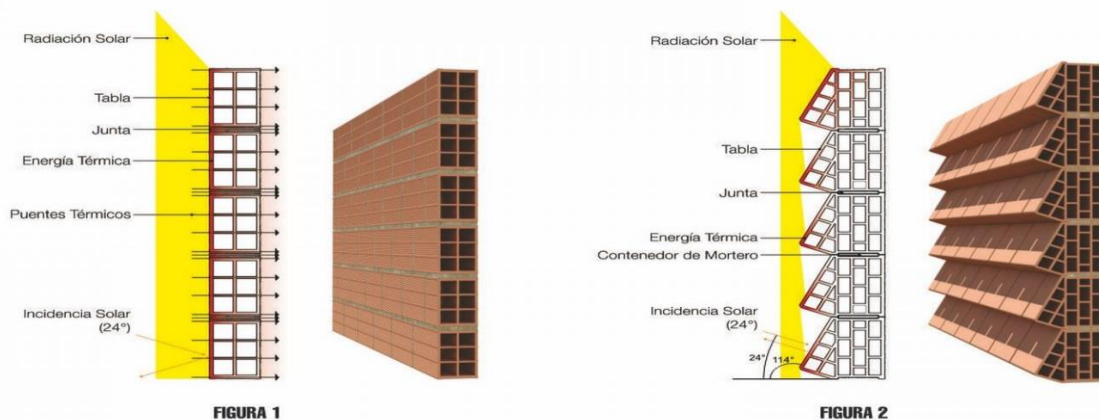

There are about 1 billion smokers in the world. Do you imagine how much waste is produced in the world with just those cigarette butts alone? On sidewalks, around the buildings and almost everywhere! RMIT has come up with a solution to offset the waste and use it efficiently in the manufacturing of bricks. About 1% of the butts must be used in the production that would result in more sustainable, lighter and energy efficient building material. The result is an even fair product which increases the insulation properties of the material and solving the problems of the future.

Cigarette Butt Bricks; ©ODS

7. Hollow Clay Bricks

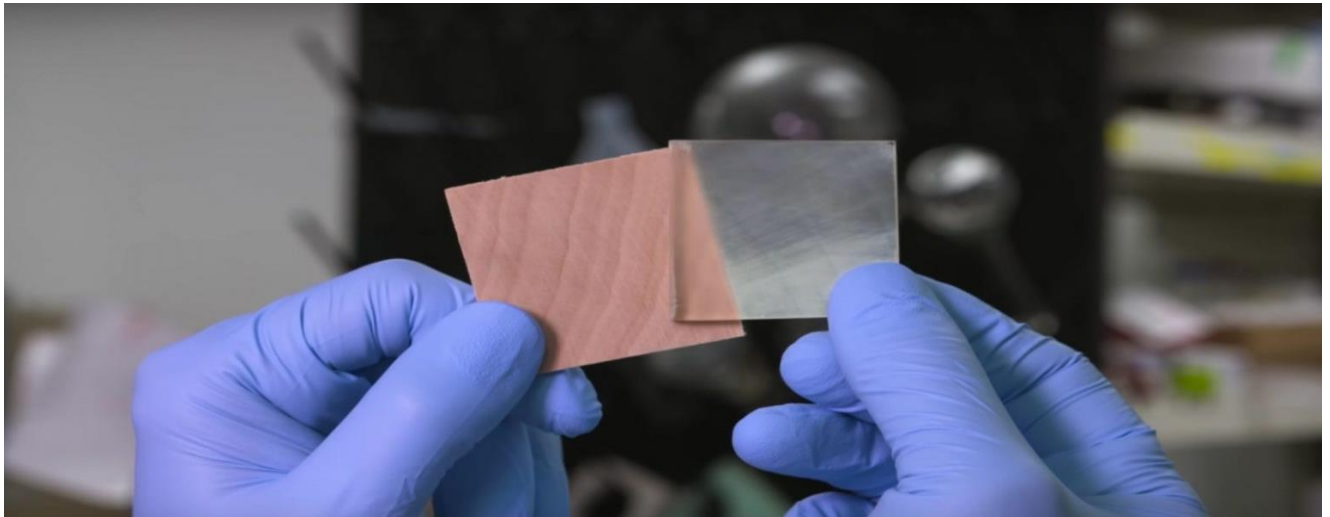

Can we use the traditional materials in an innovative way that solves our problems and helps the users of the building in controlling the heat entering in a building? The clay bricks are the solution to that. The unusual shape of this brick helps majorly in blocking the sun and letting the building breathe through its hollow cores in letting the air pass. This structure helps in noise intrusion from the exteriors in the building in contributing to the thermal comfort of the building users. The 3D properties give an aesthetic look to the facade and can be used in forming several shapes and patterns on the wall exteriors.

Clay Bricks as heat reducer ©Pinterest

8. Transparent Wood

We all love the wood finish on the floors, as a structural material and on our ceilings. This material being one of the oldest is on its way to get a makeover when researchers are experimenting with making it transparent. Being a great alternative to glass and plastic, transparent wood is environmental-friendly and energy efficient. In the production process, the lignin is replaced with polymers to make it transparent.

9. Modular Bamboo

Modular Bamboo fits for the most versatile building construction material. Being light weight, availability in abundance and stronger than steel, this material can take any shape in construction and also act as a major earthquake resistant structure in various parts of the world. Bamboo can grow upto 4 feet in a couple of hours and is majorly used in low-cost housing in Philippines, Indonesia and other low-lying islands.

10. Aluminum Foam

These panels are formed through air injection in molten aluminum and at a certain temperature, when air bubbles stabilize forming foam panels which create intriguing patterns and layers for opacity, texture, transparency and brightness. As per its manufacturing process, the foam panels can be formed with varied densities, shapes and visibility.

Aluminum Foam; ©TLCD Architecture

CaixaForum Seville; Image Courtesy- Jesus Granade

CaixaForum Interiors; Image Courtesy- Jesus Granade

These sound absorbing panels create patterns within the interiors and plays a major role in shades and shadows. Aluminum foam used on the facade shows the totalitarian and infiniteness of the structure and adding the identity to its structure. Its manufacturing defines the material into three types- small, mid and large aluminum cell. Giving the “froth” look, this material classifies the future of metal facade with breathing pores.
